U. S. OFFICIALS SAY THEY HAVE CONVINCING INFORMATION VILLA HAS OCCUPIED CHIHUAHUA CITY

Carranza Officials Admit It is Possible That Trevino Was Forced to Withdraw.

FOR LACK OF AMMUNITION

Various Reports Reaching the Border Tell of Retirement of the De Facto Troops.

NEWS IS VERY INDEFINITE

Telegraph Line to Juarez Out of Operation for Three Days.

El Paso, Tex., Nov. 28. — Government officials here declared they had received information which convinced them Villa was in Chihuahua City. It was also known official reports to this effect have been sent to Washington, substantiating messages sent earlier in the day, reporting Villa in possession of the city, and General Trevino in flight.

One government source gave out a report tonight that Villa had ordered all of the foreign residents of Chihuahua City to leave on a special train for the border, but this report lacked verification, it was stated.

Another report was that Villa has captured a car of ammunition which had been sent from Juarez to General Trevino, and had sent General Gonzales a message thanking him for the ammunition. Villa, according to the same report, used Trevino's private code, which had fallen into his hands.

NOTHING DEFINITE LEARNED BY THE OFFICIALS AT JUAREZ

Juarez, Mex., Nov. 28.—Another day of suspense has passed without anything definite being announced as to the fate of the Carranza garrison at Chihuahua City. It now has been six days since the first skirmishing started, and three days since the telegraph line was cut.

Since early today persistent reports have been in circulation here and in El Paso to the effect that General Trevino has been forced to abandon the state capital because his ammunition supply was exhausted. One report stated that General Trevino had gone south toward Tapiacpa, where he made his last stand yesterday before retiring farther south. Other reports say his forces became divided, a part going south to join General Murguia's advancing column and the remainder moving north to Sauz.

High Carranza officials as well as officers of General Gonzales' staff admitted that these reports might be true and said it was possible that General Trevino had been forced to withdraw temporarily until General Murguia arrived with fresh troops and ammunition supplies. The temporary commander of the garrison here said he expected to hear that General Trevino had retired to Sauz to get ammunition from the north and to wait for Murguia's arrival to the south of the city.

Reports that refugees, including Americans and other foreigners, had reached Terrazas today and also that General Carlos Ozuna had arrived there with the remnants of his cavalry column, could not be verified by telegraph from Sauz or Terrazas.

General Gonzales, who left Juarez early today with a force of men, machine guns and a carload of ammunition is expected to return tomorrow. He left to make a scouting trip and if possible to reach Sauz and organize a force to send to the assistance of General Trevino, it was announced here.

FEAR FOR SAFETY OF THE AMERICANS IN CHIHUAHUA

El Paso, Texas, Nov. 28.—Friends of the Americans and other foreigners who remained in Chihuahua City are worried over their safety, as Villa was reported to have declared he would kill all foreigners when he captured Chihuahua City. There are believed to be six Americans in the city.

They started to come to the border on the last train, it is said, but were advised to remain by friends who feared the bandits would stop the train and execute them.

MAY HAVE BEARING ON THE RATIFICATION OF PROTOCOL

Washington, Nov. 28.—Heavy expenditure of ammunition by General Trevino in his desperate fights with Villa at Chihuahua is expected here to result in strong pressure upon Carranza for prompt ratification of the protocol signed at Atlantic City by the Mexican-American commission. Although no representation was made by the Mexican members looking to a lifting of the embargo on arms and ammunition, they were given to understand that consideration would be given to such repre-

American Steamer Chemung Is Destroyed By German U-Boat

Crew Landed by a Spanish Vessel at Valencia, Spain—Official Report to Washington Indicates the Case is Similar to That of the Steamers Frye and Leelanaw.

London, Nov. 28. — The American steamer Chemung has been sunk near Cabo de Gata, a promontory of Spain, near the Andalusian coast, according to a report to Lloyds' today.

A dispatch to Reuter's from Valencia says the crew of the Chemung has been landed there by the Spanish steamer Giner. It adds that the steamer was torpedoed and foundered with the American flag flying, the captain formally refusing to lower the colors.

The Chemung, a steamer of 3,062 tons gross, sailed from New York for Genoa and Naples November 8. She stopped at the Azores, November 20.

OFFICIAL REPORT OF SHIP'S LOSS SENT TO WASHINGTON

Washington, Nov. 28. — Official report on the destruction of the American steamer Chemung by a German submarine was received by the State Department late today from the American consul at Valencia, Spain. He said all on board had been landed safely.

The case appears to be similar to the destruction of the American ships William P. Frye and the Leelanaw, both carrying contraband, damages for which are to be awarded by diplomatic negotiation. As there was no loss of life nor apparent violation of Germany's pledges, the case is not regarded as alarming.

SHIP SUNK WITH THE U. S. FLAG FLYING AT HER MAST

Paris, Nov. 28, (censored).—A Madrid dispatch by wireless announced the arrival at ..... of the crew of the American steamer Chemung, torpedoed in .....by a German submarine. The commander gave the crew only a few minutes to abandon the vessel, not allowing them even time to take their money and papers.

The submarine towed the life boats in which the crew were placed to within ... miles of the coast, where it abandoned them.

The Chemung went down with the Stars and Stripes floating at her mast. A lively incident preceded the sinking of the vessel. The German commander gave orders that the American flag should be lowered and German sailors prepared to put the minto effect. They met with stubborn resistance on the part of the American captain, Duffy, and his crew, who refused to haul down the colors, saying that if the ship had to be sunk it would be with the flag flying.

Captain Duffy maintained his ground and so rapidly were the preparations to sink the Chemung made that further discussion about flag ceased, and after the captain and crew had been taken aboard the submarine a torpedo and three shells sent against the side of the American ship put her to the bottom. Although angry at the action of the German commander, Captain Duffy and his men had some measure of satisfaction in seeing the flag at the masthead as the waves finally engulfed their ship.

The Chemung was registered at New York and carried a crew of twenty-four. They found a place in two lifeboats and after a time on the open sea were picked up by a Spanish steamer, which took them to Valencia. Captain

HOUSEWIVES PLACE BOYCOTT ON EGGS

New York City's Fight to Reduce the High Cost of Living is Begun in Earnest.

PRICE OF TURKEYS DROPS

National Housewives League Makes Direct Appeal to President Wilson for Regulation of the Country's Food Supply.

New York, Nov. 28.—New York City's fight to reduce the high cost of living began in earnest toda ywith a boycott began in earnest today with a boycott This was followed with a direct appeal by the National Housewives' League to President Wilson for the regulation of the country's food supply, and meetings of Federal, state and city officials and investigating committees, as well as various civic organizations at which resolutions were adopted looking to a speedy readjustment of conditions.

Coincident with the egg boycott the price of turkeys dropped from four to five cents a pound.

Virtually every branch of the municipal government was at work today in an effort to find a solution to the food problem. The board of aldermen adopted a resolution providing that the committee on general welfare be directed to report as early as possible "a practical plan for investigating food conditions with a view of adopting such ordinances, recommending such legislation or taking such steps as may be best calculated to remedy the evil."

At the same time the department of health was instructed to make a thorough investigation of storage warehouses.

EGG BOYCOTT PROCLAIMED BY CIVIC LEAGUE OF DURHAM, N. C.

Durham, N. C., Nov. 28.—The Civic League, a Durham organization composed of women, imposed self restraint on the members of their own body not to buy 45-cent eggs and then issued a challenge to non-members of the league in Durham. Today's news dispatch from New York City suggesting a nation-wide egg boycott was responded to hastily by the organized women of the Bull City and this statement was issued:

"In co-operation with women's clubs and civic organizations throughout the United States, the Civic League in Durham has joined in a Nation-wide boycott to bring down the price of eggs. Every housewife in Durham is asked to stop the purchase of eggs and kill the corner of the market. Stop buying eggs until the price drops to 25 cents a dozen, the normal price."

The challenge was signed by Mrs. T. D. Jones, president, and Mrs. I. F. Hill, acting president, of the organization. The Durham public awaits the verdict since the Civic League has a

EIGHT-HOUR CASE PLACED ON DOCKET

Government Formally Makes Appeal From Judge Hook's Ruling to Supreme Court.

TO ASK EARLY ARGUMENT

Unless Case is Given Precedence Over Many Others Awaiting Hearing It May Not be Reached Before Middle of December.

Washington, Nov. 28.—The case of the Missouri, Oklahoma & Gulf railroad, selected to test the constitutionality of the Adamson law, was placed today on the Supreme Court docket, the last step in perfection by the government of its appeal from Federal Judge Hook's decision holding the law unconstitutional. The Department of Justice advised the court clerk's office that next Monday a motion would be presented to set a date for early argument.

Solicitor General Davis asked the clerk to have the record printed at once.

Outside of the record before the Supreme Court, and not so far made a part of the official transcript, is the stipulation agreed upon by Attorney General Gregory and railroad counsel to abide by the court's decision in the Missouri, Oklahoma & Gulf case in all other suits questioning the validity of the Adamson act. In the presentation of arguments to the court, however, a stipulation making the pending case determinative of all other suits may be filed.

Unless the Supreme Court gives the Adamson case precedence over many others already assigned for hearing beginning Monday, it is considered doubtful whether it could be reached much before the middle of December, even should the court agree to advance the hearings. The court recesses for the Christmas holidays on December 22.

Whether attorneys representing the railroad brotherhoods will appear in the Supreme Court hearings or file briefs is still undetermined. In the test case local chairmen of brotherhood unions were made defendants by the receivers of the Missouri, Oklahoma & Gulf railroad, but the injunction suit as to them was dismissed by Judge Hook, leaving District Attorney Wilson, of Western Missouri, as the only defendant.

Nine additional cases were placed today on the Supreme Court's call for December 4th. They were recently passed and now are re-assigned. Among them are the "Railway Mail Pay Divisor" cases, involving railroads' claims of $35,000,000 against the government, and cases involving right of the United Mine Workers and other labor unions to operate in West Virginia, where Federal Judge Dayton held the mine workers to be an illegal organization.

TO TAKE FURTHER STEPS IN BEHALF OF THE BELGIANS

New Representations Will be Made to Germany Against Deportation of Civilians.

PROTEST TO BE STRONGER

Ambassador Gerard to See the President Today—Cabinet Discusses Situation.

Washington, Nov. 28.—New representations are about to be made to the German government by the United States concerning the deportation of Belgian civilians for labor in Germany. What form they shall take has not been determined, but it became known tonight that the administration is seriously exercised over the matter and is preparing for its next step with great deliberation, hoping to make it effective without straining the relations between the two countries.

American 'Charge Grew, at Berlin, recently took up this question informally with the German foreign office and at the State Department's direction said that almost unfavorable impression was being created in neutral countries, particular in the United States. His efforts were unavailing, however. The foreign office in a note now on its way to Washington replied that deportation of the Belgians was a military necessity and was being carried on in accordance with international law governing the treatment of populations in conquered territory.

Discussed by Cabinet.

The charge's preliminary report, the latest appeal for aid from the Belgian government and other information in the hands of the State Department, were discussed at today's cabinet meeting, and Secretary Lansing remained with the President for nearly half an hour after the other members left.

Ambassador Gerard, here for final conference before returning to Berlin, and Col. E. M. House also talked over the plight of the Belgians during visits to the White House and the State Department. It was said later that this situation had made such a profound impression that for the present at least it had displaced in interest the submarine issue.

Ambassador Gerard did not see the President, but at Mr. Wilson's request deferred his plan to leave for New York and will see him tomorrow. Regardless of whether it is decided to instruct Charge Greg to act further immediately in the Belgian matter, the ambassador will be given the President's personal views on that subject, as well as concerning the latest developments in submarine warfare.

Task a Difficult One.

State Department officials admit that the government is proceeding with the greatest difficulty in endeavoring to help the unfortunate Belgians. They say that virtually the only basis for representations is the broad ground of humanity, and that it is almost impossible to establish an uncontrovertible statement of the facts in the case.

The refusal of the British government to grant safe conduct to Count Tarnowski, the new Austro-Hungarian ambassador to the United States, also was brought up at today's cabinet meeting and dissatisfatcion was generally expressed. Any step that may be taken by the United States will be delayed until full consideration has been given the British note on the subject.

BELGIANS DEPORTED TO GERMANY WITHOUT FOOD?

Paris, Nov. 29. — Owing to reports from deported Belgian civilians now in Germany, says a Havas dispatch from Havre, the Belgian government has been compelled to arrange for the sending of bread rations to their deported fellow countrymen. A beginning has been made by the dispatch of 12,000 rations to the internment camp at Sol-

500 Employees Get 20 Per Cent. Raise

CHATHAM LUMBER CO., WITH MILLS IN VARIOUS PLACES, ADVANCES WAGES IN TWO INSTALLMENTS OF 10 PER CENT. EACH.

Durham, N. C., Nov. 28.—The Chatham Lumber Company, conducting mills in East Durham, Roseboro, Willard, N. C., and Florence, S. C., has increased the wages of its 500 employes 20 per cent. within sixty days. The revised payroll was authorized in two installments with a 10 per cent increase on October 1 and the supplemental 10 per cent. increase effective this week.

The pay for its millworkers now ranges from $7 to $10 weekly. The payroll of this chain of lumber plants operating in North and South Carolina now approximates $16,000 monthly. The former schedule called for an expenditure of $12,000 for wages.

The East Durham plant employs 100 workmen and their pay check in the aggregate jumps from $2,400 to $3,000. The weekly wage of each employe has taken on an increase of one-fifth since October 1.

RAID ON ENGLAND RESULTS IN LOSS OF TWO ZEPPELINS

Their Destruction Causes Great Enthusiasm in the Northeast Coast Towns.

BOMBS DROPPED ON LONDON

Four Persons Injured and Only Slight Material Damage Done Says Statement.

London, Nov. 28.—The destruction of two Zeppelins that participated in last night's air raid caused great enthusiasm in the northeast coast towns which had suffered so often in previous air raids. This morning the naval airman who arrived to report the success of the British in their fight against the airship which was making her way homeward when she was brought down, was given a tremendous ovation by the townspeople, who carried him shoulder high through the streets crowded with cheering people, while the sirens of the shipping shrieked triumphantly.

Regarding the report that the Germans used an aeroplane disguised as British or one captured from the British for today's raid on London, a member of the government said in the House of commons that he had no information on this point.

SIX BOMBS DROPPED ON LONDON BY AN AEROPLANE

London, Nov. 28.—Flying at a great height a German aeroplane this morning passed over London and dropped six bombs on the capital according to an official statement issued this afternoon. Four persons were injured and only slight material damage, it is added, was caused. An admiralty announcement late last night says:

"The commodore of Dunkirk has been informed by the French authorities that they brought down an aeroplane at 2:15 o'clock Tuesday afternoon, carrying two naval lieutenants and with a large scale map of London aboard."

BERLIN SAYS ALL BUT TWO AIRSHIPS RETURNED SAFELY

Berlin, Nov. 28, (via Sayville).—A German official statement on the air raid on England says that one airship was shot down and that another did not return. The statement reads:

"In the night of November 27-28 several German naval airships successfully bombed blast furnaces and industrial establishments in middle England. At several places conflagrations were observed.

"An airship was shot down by the enemy near Scarborough and another has not returned; so it must be considered lost. The remaining airships returned and landed."

SAY LIFTING EMBARGO WOULD HAVE ALL-IMPORTANT EFFECT

Juarez, Mex., Nov. 28.—Carranza officers here say frankly that the lifting of the American embargo of ammunition would have an all-important effect on the campaign against Villa.

"We would pay stiff prices in gold right now if we could ship it across the boundary," said an officer of high rank today. "The whole issue depends on whose ammunition lasts longest.

"If General Trevino has withdrawn from Chihuahua City it is solely because of lack of ammunition. There can be no other explanation."

WILL USE ORE CARS FOR CARRYING COAL

Roads of Northwest Agree to Put 16,500 in the Service.

All Railroads Having More Box Cars Than They Own Ordered to Move the Excess to Lines Which Are Short.

Washington, Nov. 28.—Railroads of the Northwest have agreed to help relieve the country-wide car shortage by putting about 16,500 of their ore cars in the coal carrying service. This was announced here tonight by the American Railway Association's conference committee on car efficiency. The committee also announced that all roads having on their lines more box cars than they themselves own, had been ordered to move the excess, loaded or empty to lines who have lower number of cars than they own.

The committee made public a statement of box car locations on November 1, showing large excesses on some roads and deficiencies on others. The Pennsylvania headed the list of the former ,with 30,963 more cars than it owns; the Southern had an excess of 8,496, and Chesapeake & Ohio 6,556.

On the roads holding fewer cars than they own, the Grand Trunk Pacific was first, with a deficiency of 7,670; Seaboard Air Line was short 7,088, and Mobile & Ohio 3,633.

TEUTONS IN RUMANIA DRAW THEIR FORCES NEARER THE CAPITAL

ANXIETY INCREASED BY RUMANIAN NEWS

London Takes Note of Fact That Von Mackensen's Army Has Advanced 30 Miles in a Day.

SITUATION IS ALARMING

Official Reports of Central Powers, Credited in London, Greatly Increase Anxiety as to fate of Bucharest—Questions Asked.

London, Nov. 28.—With the forces of the Central Powers in possession—according to German official reports, which hitherto have proved accurate with regard to the recent events in Rumania—of Curtea De Arges, an important rilaway terminal 90 miles from Bucharest, and Giurgiu, on the railway 40 miles southwest of the capital, anxiety as to the fate of Bucharest is greatly increased.

Field Marshal Von Mackensen's capture of Giurgiu shows that his army has advanced 30 miles in a single day. Further, a Bulgarian official communication claims that the Danube has been crossed near Lom Palanka and Vidin and the town of Kalafatu, opposite Vidin, captured.

Danger Foreseen.

Nothing is yet admitted by the Rumanians of these enemy advances, but it is assumed that the Rumanians are continuing their orderly retirement toward the line of the Argesiu river. A danger, however, lies in the possibility of this retirement not being effected quickly enough to prevent an attack on their flank from Von Mackensen's forces at Giurgiu, from which point there is both rail and direct communication to Bucharest.

It is impossible to doubt that the situation is viewed with the greatest misgivings. The question is being frankly asked whether the accession of Rumania to the Allies cause had brought strength or weakness, whether Russia had rendered the assistance which might have been expected from her and whether the Allies might not have shown more initiative in attack from Saloniki; whether the collapse in Rumania is due to any lack of unity in the Allies' plans of strategy or whether it is due in large part to Rumania's hasty invasion of Transylvania.

Rumania Confident.

On the other side of the account it has been noted that continued confidence is being displayed in Rumanian military and political circles where the suggestion that Russia has not rendered all possible aid is warmly repudiated and the Rumanians appear fully convinced that it will not be long before the great efforts Russia is making will bear effective fruit. They point out that the Germans have failed to secure any great number of prisoners or guns and that the position of the Rumanian armies in the matter of guns and supplies is daily improving, thanks to the Allies' redoubled efforts.

All Eyes on Dobrudja.

In the meantime all eyes are turned to Dubrudja where it is hoped Lieutenant General Sakharow, commander of the Rumanian army, may succeed in retrieving the situation by a counter move against Von Mackensen's forces in that quarter and in the northern

SPEAKER CLARK TELLS HOW TO LIVE CHEAPER

Says Buy Some Laying Hens and Eat More Cereals.

He Proposes to Urge Passage of Federal Law Prohibiting Killing of Veal Calves—Talks of Embargo Bill.

Washington, Nov. 28.—"If the high cost of living bothers you, don't wait for governmental remedies, but buy some laying hens and eat more corn products and rice," says Speaker Clark. Not that he does not think the government can help bring down the price of foodstuffs by legislative or other action, but he pins greater faith in more direct methods.

Thus the speaker expressed himself today on the high cost of living problem, which he regards as one of the greatest facing the nation. Referring to Representative Fitzgerald's embargo bill, he said:

"There may or may not be a chance for Mr. Fitzgerald's proposed bill. It might do some good; I don't know."

The speaker declared that he will urge passage this year of a Federal law prohibiting the killing of veal calves. Such a measure failed at the last session. He also expressed the view that the egg speculators violate

Appreciable Gains Made by the Armies Invading the Country From Four Sides.

ALT VALLEY FAR IN REAR

Rumanians Seem Seriously Menaced in the Orsova and Turnu Severin Sectors.

2 IMPORTANT TOWNS TAKEN

Divergent Reports Made of the Fighting in Mecedonia.

Operations of the Teutonic allies in Rumania have brought them appreciably nearer Bucharest and they are still progressing from the north and west, and the south and the southwest.

The northern bank of the Danube in Rumania, extending westward from Giurgiu on the railroad south of Bucharest to opposite Vidin, a short distance from the Serbian border, now is in the hands of the forces of the Central Powers. The capture of points in this region opposite Vidin, Lom-Palanka and Rahovo, by the Bulgarians, would seem seriously to menace the Rumanian troops from the Orosva and Turnu Severin sectors, who were reported several days ago to be in retreat to the southeast.

Alt Valley Left Behind.

The occupation of Giurgiu brings the line of Field Marshal von Mackensen to within 37 miles of Bucharest on the south, while the capture of Curtea De Arges, 80 miles northwest of the capital, evidently has cleared the Topolog sector of Rumanians and given the invaders the railroad to the important town of Pitesci, the junction of the line running from Kimpolug to Bucharest. In the center the Teutonic allies are still driving eastward, having left the Alt valley far in their rear.

An unofficial dispatch from Bucharest says the retirement of the Rumanians is proceeding in perfect order toward a new front already settled on for defense.

Divergent Claims as to Macedonia.

The operations in Macedonia are somewhat beclouded by reason of divergent reports. Berlin says that north of Monastir renewed attacks by the Entente Allies failed, while the Serbian war office claims that in fighting along the entire front the Serbs at several points made advances of several hundred meters. Sofia, on the other hand, asserts that attacks on Hill 1050 and the village of Paralovo, were put down by the Bulgarians and Germans, as likewise was a British offensive in the Vardar region south of the village of Bogoroditsa.

On the front in France and in the Austro-Italian theatre, nothing but bombardments have taken place. South of Dvinsk, on the Russian front, artillery duels have been in progrses. Considerable activity also has developed in the region of Riga. In the Carpathians the Russians have begun another attack against the Austro-Germans and fighting now is proceeding there.

Turks Occupy Two Towns.

Petrograd admits that the Turks have occupied the towns of Adramed and Koshishogly, south of Van, Turkish Armenia.

The American steamer Chemung has been sunk in the Mediterranean off the coast of Spain by a German submarine. The crew was landed. Eight other vessels, two each flying the British, French, the Greek and Norwegian flags, have been sunk, either by mines or torpedoes. Their total tonnage was about 20,000. In addition, the Danish steamer Villemoes has been captured by the Germans.

Two more Zeppelins, which were raiding northeast England, have been brought down in flames by anti-aircraft guns. The crews of both airships perished. A German airplane has dropped bombs on London. Nine persons were injured. The material damage was slight.

SEVERAL THOUSAND FRENCH TRANSPORTED BACK HOME

Berlin, Nov. 28, (via Sayville).—The following item was given out for publication today by the Overseas News Agency:

"According to promises given to the inhabitants of Lille and other towns in occupied territories in France, the following numbers of persons have been transported back there:

"Up to August 1, this year, 1,993 persons, who were either incapable of working or whose removal from their homes had proved especially severe.

"From the beginning of October until the middle of November, 6,671 persons, mostly women, whose work was no longer required.

"The competent military authorities have received an order to transport back, up to the end of the year, all persons with the exception of those

OVERTON CALM AS VERDICT IS READ

Found Guilty of First Degree Murder and Given Death Sentence, Which is Suspended.

MOTION FOR A NEW TRIAL

"I Am Not Guilty," Said Prisoner After Hearing Sentence—Brings a Most Sensational Murder Case to a Climax.

Huntsville, Ala., Nov. 28.—After being out 17 hours, a jury in the circuit court here today found David D. Overton, former clerk of the county court, guilty of the murder of Probate Judge William T. Lawler last June, and recommended the death penalty.

Judge Miller immediately sentenced the defendant to be hanged on January 12, but suspended the sentence when a motion was made for a new trial. The date for arguing the motion has not been fixed.

Overton received the verdict with apparent calm, and when asked if he had anything to say replied with deliberation: "Nothing judge, except that I am not guilty."

The verdict was brought in half an hour before noon and as soon as the court procedure had concluded Overton was returned to the coroner's jury.

A Most Sensational Case.

The conviction of Overton today was the climax of one or the most sensational murder cases in the South in recent years. Overton and Judge Lawler were political opponents and at his trial Overton said he had killed Lawler in self-defense after they had quarreled over a matter growing out of local politics.

Judge Lawler was known to have gone to the court house here the night of June 14, last, and was not seen alive after that by any one except Overton. His body was found June 17 under 15 feet of water in a Tennessee river slough ten miles from here, weighted down with a piece of railroad iron and carrying a bullet wound that was believed to have caused his death.

Two Victims of Suicide.

Within a week Shelby Pleasants, a Huntsville attorney, and Sheriff Robert Phillips, had shot and killed themselves, their action adding to the mystery and excitement that was stirring the town. The state militia was encamped here several days to prevent any outbreak.

In the meantime, Overton had disappeared and a wide search was made for him, extending to the Canadian border. He was arrested in Smithville, Tenn., several weeks ago and was held in jail at Montgomery until his trial.

Admitted the Killing.

Overton said on the witness stand that he killed Judge Lawler after the latter had attacked him with a knife. The attack, he said, followed his (Overton's) refusal to join Lawler in a plan to delay the report of a special grand jury which was understood to be investigating alleged irregularities in the election last spring in which Lawler defeated Overton for the probate judgeship.

He denied he had anything to do with the disposition of Lawler's body. He stated he and the jurist had driven in his buggy from the county court house in Huntsville to the Whitesburg bridge to discuss political difficulties which they hoped to settle. These alleged differences were not explained.

CROWDS PASS BY CASKET OF LATE EMPEROR OF AUSTRIA.

All Classes Mingle Together in Reviewing Dead Ruler's Remains.

Vienna, via London, Nov. 28.—The doors of the black-draped Hofburg chapel where rests the silver casket with the body of the late Emperor Francis Joseph, were opened at 8 o'clock this morning. The waiting throngs of people then began to file through to pay their last respects to the dead Emperor. All classes were represented, rich and poor, gentry and working men and women standing shoulder to shoulder in the crowd taking their turn in passing before the unopened casket.

M'CORMICK SAYS STATEMENT ABOUT O'LEARY JUSTIFIED

Files Answer to Suit for Alleged Libel Brought in New York.

New York, Nov. 28.—In his answer to the suit for allegel libel brought against him by Jeremiah A. O'Leary for a statement published on October 3 filed here today, Vance McCormick, Democratic National Chairman, declared that his assertions were justified.

Mr. McCormick quoted in full Mr. O'leary's telegrams to President Wilson on September 29, maintaining that his criticism of the President for the sale of War munitions or loans to any nation or nations with which the United States is at peace, was groundless.

HEALTH SQUAD GROWING FAT ON ITS STANDARDIZED DIET.

Chicago, June 28.—The diet squad which is undergoing a two weeks' test to help establish an economical standard of living and to prove that palatable and nutritious meals can be served at a cost not to exceed 40 cents a day, has been fed for a week at a net cost for food consumed of 28 2-3 cents a person each day. On this diet the squad has gained a total of 27 pounds.

The first week of the test was finished tonight. A statement of food consumed, purchased at random at retail stores in the down town district, show the total cost for food for 12 persons was $28.23.

SPORTS

CAROLINA TEAM GETS OFF TO VIRGINIA CAPITAL TODAY

Chapel Hill, N. C., Nov. 28.—Carolina has come to the end of her football training for the 1916 season. The team goes to Richmond on Wednesday.

Both Virginia and Carolina have passed through a very hard season and both have had to rely largely on new men. Virginia will start the Thanksgiving game with five of last year's veterans — Thurman, Coleman, Ward, Sparr and White; while Carolina has only three—Tandy, Ramsay and Taylor. Virginia therefore has a slight advantage in experienced men.

From the relative scores of the big games, Carolina seems to have a very slight advantage; but when the fact is taken into consideration that Virginia's game with Harvard was in the latter part of the season, the importance of these comparative scores is greatly lessened.

There are several new men on the Carolina team this year from whom much is expected. Some of these have already been in college three years but they have never played anything but class football before.

Tennent at half back is one of these. Though playing on the scrubs at tackle last year, he did not get into many games. He was never tried in the back field before this year, but his progress and success there has been amazing the latter half of the season. He is now Carolina's chief line plunger. Bellamy, a sophomore, has also shown much promise as a back this year, even though he is handicapped by weight. Johnson tried out at quarter last year, but did not get a chance to show his ability. Williams has never played quarter on the 'varsity until this year, but he has shown good generalship so far.

DAVIDSON AND CLEMSON TO BATTLE IN CHARLOTTE TOMORROW

Davidson, N. C., Nov. 28.—The annual Thanksgiving football game now looms up. The classic this year will again be played in Charlotte, but instead of Wake Forest as an opponent the Davidson eleven will face the squad from Clemson. Last year the score with Clemson was a tie 6-6. This year the Davidson team has proven to be the strongest team that has represented the college in a number of years, going down in defeat before such teams as University of Virginia 14-0; Georgia Tech 9-0, and University of North Carolina 10-6. The games with A. & M., Furman, Roanoke and Wofford resulted in victories for the Red and Black machine. Citadel secured one touchdown by means of her forward passes that tied the game with them. The points made in these games total Davidson 139 to her opponents' 34.

Thursday morning the student body will go in a large body to Charlotte to attend the game. A great game is anticipated and from the previous record of our team this fall Clemson will have her hands full to manage them.

AMERICAN LEAGUE PLAYERS' SALARIES TO BE REDUCED.

Chicago, Nov. 28.—Salaries of baseball players in the American League, who were signed at high figures to retain them during the war with the Federal League, will be sharply reduced, B. B. Johnson, president of the league, announced tonight.

The game was conducted in an extravagant manner during the fight with the Federal League, President Johnson said, and all expenses connected with the operation of the sport next season will be curtailed.

Waynesboro, Ga., Nov. 28.—The first eight braces of the Continental Field trials club all-age event were run today. Ten braces were ordered out for the running but rain interefered with the last two. The all-age event will be finished unless weather conditions prevent.

OVERMAN WANTS SENATORS FROM WEST TO BE HONORED.

Declines to Run for President Pro Tempore or for Senate Leader.

(Special Star Correspondence.)

Charlotte, N. C., Nov. 28.—The Observer says on authority that Senator Overman, of North Carolina, will not consent to the use of his name for President pro tempore of the Senate, or for Democratic leader of the senate. Senator Overman takes the view that both these positions should go to senators from the West in recognition of the part that section of the country played in the election of President Wilson and to show the West that Southern Democrats who have held practically all the honored positions in both Senate and House know no sectionalism. Senator Overman also takes the view that acceptance of either of these positions would require him to relinquish some of his committee assignments. He is chairman of the Committee on Rules and a member of four other Senate committees and these assignments are satisfactory to him. For these reasons he will not be a candidate for either place for which he has been urged.

OPERATIVES GET INCREASE.

Employes of Graniteville Mills, Near Augusta, Get 10 Per Cent Raise.

Augusta, Ga., Nov. 28.—The Graniteville Manufacturing Company, operating three cotton mills near here, today announced an increase of 10 per cent in the wages of its employes, effective yesterday. The pay roll is $250,000 annually. The Graniteville properties are in the hands of receivers and are undergoing a reorganization.

ARGUMENTS CONCLUDED

AMERICANS IN TURKEY WILL HAVE TO REMAIN

Turkish Government Rescinds an Agreement to Let Them Leave.

Ambassador Elkus Reports He Is Informed They Will Not Be Permitted to Depart Because of Military Necessity.

Washington, Nov. 28.—Word that the Turkish government has rescinded its previous agreement to allow several hundred Americans to leave the Turkish Empire via Jaffa reached the State Department today from Ambassador Elkus at Constantinople. The ambassador was informed that the Americans cannot be permitted to depart because of military necessity and that the official who made the previous agreement spoke without authority.

Diplomacy seemed to have been exhausted in the situation and it is not known what action may be taken in an effort to bring Turkey to terms. The practical internment of the Americans is a source of anxiety to their friends and indignation to the government. It is said to be an unprecedented situation which will require most delicate handling.

The exact number of persons affected cannot be learned, owing to the fact that direct communication with shore is not permitted.

The American cruiser Des Moines, now at Alexandria, is due shortly at Jaffa, where, after unloading Red Cross supplies, she had been expected to take on the refugees. It is understood now, however, that officers from the vessel will not even be allowed to land to investigate conditions.

who wish to stay in their new residences. Since it is most probable that the French government will assert that these measures were taken in consequence of its protest and the intervention of neutral governments, it is expressly stated that neither unfounded protests nor intervention has in any way influenced the decision of the German military authorities. The transport back home of these people was carried out exclusively in accordance with the promises given them at the time of their removal."

Annapolis, Md., Nov. 28.—Midshipman Thomas G. Fisher, of Maryland, has been elected captain of the Navy football team for next season. He played left end on this year's team.

TO DARKEN HAIR APPLY SAGE TEA

A Few Applications of Sage Tea and Sulphur Brings Back Its Vigor, Color, Gloss and Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recips at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recips improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite, and is not intended for the cure, mitigation or prevention of disease.

"That's just what I've always wished a cigarette *would* do —*satisfy!*"

The feature of Chesterfields is that they *begin* where other cigarettes *leave off*.

In other words, besides pleasing the taste, Chesterfields go further—they *satisfy!* Just like a long drink of cold water satisfies when you're thirsty.

And yet, Chesterfields are *MILD!*

It's Chesterfields or nothing if you want this new cigarette delight, because no cigarette maker can copy the *Chesterfield blend*—an entirely *new* combination of tobaccos and the biggest discovery in cigarette blending in 20 years.

HELPFUL HAIR HINTS

Worthy the Attention of Everyone Who Would Avoid Dandruff, Itching Scalp, Gray Hairs and Baldness.

"What will stop my hair coming out?" Reply: Parisian Sage is the best remedy for hair and scalp trouble; said to prevent baldness, grayness and dandruff.

The great war has not interfered with the sales of Parisian Sage—one of the most helpful and invigorating hair treatments known—as it is made in this country from the original formula.

"Before going to bed, I always rub a little Parisian Sage into my scalp," says a woman whose luxurious, soft and fluffy hair is greatly admired. This stops itching scalp, keeps the hair from falling out and makes it easy to dress attractively.

Beautiful soft, glossy, healthy hair for those who use Parisian Sage. You can get a bottle of this inexpensive French hair dressing from J. Hicks Bunting and druggists everywhere, with guarantee of satisfaction, or money refunded.

LAURINBURG CHURCHES UNITE

To Hold Union Thanksgiving Service. Mrs. Hollowell Visiting Scotland Schools.

(Special Star Correspondence.)

Laurinburg, N. C., Nov. 28.—Special Thanksgiving services will be observed by the Laurinburg churches at a union service at the First Methodist church at 11 A. M. Thursday, Thanksgiving Day. Rev. James Long, pastor of the First Baptist church, will preach a Thanksgiving sermon.

At this service a special Thanksgiving collection for the orphanages of the State will be taken. Special collection envelopes will be used, representing the Methodist, Baptist and Presbyterian orpnanages. The union service on Thanksgiving day is a custom that has been observed here for a number of years and the church people are making an effort to get a splendid contribution for the orphanage work this year.

Mrs. W. R. Hollowell, of Goldsboro, representing the North Carolina Fire Prevention Association, is this week visiting the public schools of Scotland county and making talks to the pupils and teachers on the subject of fire prevention. Mrs. Hollowell was sent here by Insurance Commissioner James R. Young.

The William Todd Vaudeville shows arrived here Sunday and yesterday morning had their tents pitched on the vacant lot near Main street and to the rear of the Harris boarding house. Upon complaint of certain citizens the city fathers got together yesterday and passed an ordinance to the effect that no tent or other shows can locate within 250 feet of any home or boarding house, etc., in Laurinburg. The Todd shows immediately "pulled up stakes" and moved into the grounds at the baseball park.

Miss Lois Paylor, daughter of Capt. C. M. Paylor of this city, has resigned her position as operator at the local telephone exchange after a service of over eight years, and left yesterday for Charlotte to accept an important clerical position with the Western Union Telegraph Co.

Mr and Mrs. W. H. Cooper, Miss Julia Stewart and Mr. Wade S. Dunbar, of this city, will spend Thanksgiving day at Greensboro with Mr. W. H. Cooper, Jr., who is a student at Guilford College.

The ladies of the Methodist church here will hold a bazaar on Wednesday and Thursday of next week in the local opera house.

NEW CORPORATIONS CHARTERED

New Concerns at Clinton and Monroe. Charter Amended.

(Special Star Correspondence).

Raleigh, N. C., Nov. 28.—A charter has been issued for the Carolina Cooperage Co., of Clinton, Sampson county, capital $25,000 authorized and $5,000 subscribed by J. F. Rodman, Howard McKinnon and others for a general cooperage business.

Another charter is for the Investment Corporation, of Monroe, capital $25,000 authorized and $2,500 subscribed by J. C. Sikes, S. O. Blair and others for a general investment business.

There is an amendment for the charter of the Yadkin River Power Co., of Raleigh, a subsidiary corporation to the Carolina Power & Light Co., by which the regulations as to the status of the preferred stock in the corporation are changed considerably for the safeguarding of the priority and dividend rights for the preferred stock. Charles E. Johnson is the president of the corporation.

RECRUITING WORK REVISED

North Carolina Made a Separate Recruiting Territory.

(Special Star Correspondence).

Raleigh, N. C., Nov. 28.—With the mustering out of the recruiting stations for getting recruits for the North Carolina National Guard companies now doing Mexican border service, there is a general revision of the recruiting work for the regular army in this State. North Carolina is now made a separate and distinct recruiting territory instead of being tacked on to South Carolina in this respect. Sergeant Julius Wetzell, U. S. A., is now opening up the head office for the recruiting work in the State here and there will be maintained substations at Charlotte, Greensboro, Winston-Salem, Durham, Asheville, Raleigh, Lumberton, New Bern, Goldsboro, Elisabeth City, Mount Airy, High Point, Reidsville and Washington. The work in this State will be directed by Lieutenant Edward B. Dennis.

SPECIAL DEMONSTRATION BEGINNING DEC. 2ND

WESTINGHOUSE ELECTRIC HOUSEHOLD APPLIANCES

ANNOUNCEMENT

AN EXPERT demonstrator will call on you within a few days, through a special arrangement we have made with the Westinghouse Electric & Mfg. Company, to better acquaint you with electrical appliances and to show you how safe and practical they have become—and how inexpensive.

There will be no obligation on your part to purchase. We are sure you will appreciate this unusual opportunity and that it will result in a greater reliance on the good service we have to offer.

For Economical Folks

An Electrical Christmas is sure to be the most economical.

The things you buy and do not use are really the most expensive.

Electrical gifts are not only acceptable but useful.

You'll be surprised to see how many electrically operated things you can find which will be suitable gifts

Tide Water Power Company
Wilmington, North Carolina

WESTINGHOUSE ELECTRIC WARE

Handsome in appearance and highly finished in nickel or copper, Westinghouse Electric household appliances are an ornament to any dining table. Each has its own heater—not limited by one heater for several appliances—all can be used at the same time

ELECTRIC IRONING

With an Electric Iron there is no hot stove; no steps lost in changing irons. Ironing can be done in any room. In our irons the heat is uniform, the weight well distributed, the handles always cool.

COOKING BREAKFAST

An Electric Toaster-Stove bakes griddle cakes, fries meats and eggs, and makes most delicious toast while the Electric Percolator is steaming the coffee. A complete breakfast can be cooked easily and quickly at the table, saving steps to and from the kitchen.

PREPARING LUNCHEON

You can prepare luncheon in any room while chatting with a guest. A Toaster-Stove for the "eats" and an Electric Percolator for the "drinks" is a good combination.

SUPPER TIME

Nothing is more enjoyable than a chafing dish supper with an Electric Chafing Dish—no flame, no odor. Add a Toaster-Stove for meats and muffins, and a Percolator, and you have an ideal supper set.

DINNER

Dinner can be prepared the electric way. An eight-inch Hot Plate can be used as a small stove for any kind of cooking with suitable utensils. Radiant Toaster, Percolator and Chafing Dish always prove useful.

FOR THE SEWING ROOM

The Electric Sewing-Machine Motor, which can easily be attached to your machine, eliminates fatigue from sewing and reduces the time required. Starts, stops, runs fast or slow by the pressure of the foot. The Electric Iron saves many steps to the stove. With Electric Ware you can cook lunch in the sewing room on busy days.

FOR THE BOUDOIR

The up-to-date Boudoir is provided with an Electric Curling Iron—always hot when wanted, no fumes or soot; an Electrotherm (heating pad) to replace the hot-water bag—always ready, never too hot or too cold; a Nursery Milk Warmer—baby's food in four minutes, boiling water in six; a Traveler's Iron for Light Pressing in a hurry; and an Electric Radiator for chilly mornings.

WEDNESDAY, NOVEMBER 29, 1916.

TOP O' THE MORNING.

God's purpose in blessing His people with riches and other forms of temporal prosperity, is to enlarge their power for good. —R. A. L.

Maybe we will make a home run tomorrow.

They Say is still saying it, whether it's so or not.

"Blessed am dem dat 'spects nothin', fer dey ain' gwine ter be disexpinted."

We will let George do almost everything else, but bedadburn if we'll let him raise our cotton.

The only kind of airman that a lot of us boobs would like to be is to be a regular heirman.

One day's income for the orphans does not mean the income from the work you do tomorrow.

Look before you leap and be sure you have wings before you light in the midst of somebody else's trouble.

Lots of people are criticising Carranza, but Mexico's "first chief" is having nearly as much trouble as President Wilson.

The first national convention to consider daylight saving is soon to meet in Pittsburg. We hope it will save some for us.

It is easier to say what an army should do than it is for an army to do it as easily as we can conjure up strategy three thousands miles from where the fight is going on.

Colonel Bryan introduced grape juice when he was in Washington about three years ago, but the probability is that grape juice is rarely ever recognized by those to whom it was introduced.

The fight is on now over the 8-hour law. If there wasn't a fight about that there would be some kind of old fight. Fighting is always going on. We will all get into a real big fight some of these days.

The Kentucky fuedist who died a natural death a few days ago had his luck with him to the last. If he had lived he would have been scared to death all the time for fear some other feudist would kill him on sight.

Think of cotton going above 20 cents during a Democratic administration and after Wilson has actually been reelected to a second term and his election having been actually conceded by his Republican opponent! Isn't it awful on those Republicans who have always tried to make the people believe that a Democratic administration at Washington necessarily means low prices for cotton?

The Columbia State wants the unlimited pardoning power of the governor curtailed because it puts too much authority and responsibility on the state's chief executive. The fact is our states ought to have a board of pardons or a court of pardons from which an appeal could be taken, if necessary. One-man power is out of place in a democracy.

A certain man who attributed more than usual importance to his conversation went around a Texas town talking overmuch and declaring himself to be an "outspoken man" with the courage to say just what he thought. Of course, he had the courage, but we infer that he was not able to exercise prudence nor had he the physical power to back up what he said. At least, some other fellow who did not like what the "out-spoken" party said mixed up with him a few minutes and sent him out to the hospital so he could have his disfiguration attended to. As a general thing, that is what happens to bold, fearless and out-spoken fellows.

NOT HUMBLED BY WAR JUST YET.

The New York Times has been discussing the feasibility of bringing about peace in Europe during the present winter. That paper has been sounding the sentiment of Europeans in order to get their view and to get at the consensus of belligerent opinion, and among those who have written for The Times is Hall Caine, the English novelist. Mr. Caine discusses the subject in nearly two columns, and the long and short of what he says is that the reasons that Americans have for wishing to see the war end are the best of reasons why it should be fought to a finish. He summarizes his convictions as follows:

"We gather that you think that because the war has gone on so long without producing any results, except immeasurable misery, it should stop, having failed in whatever object the belligerents expected from it; but it is just because the war has thus far produced no definite military results that we think it cannot stop. We think that to end the war now, after so much suffering and sacrifice, by any form of inconclusive peace, which would preve and establish nothing, would be waste—wanton, wicked, irretrievable, inexcusable, blind and blinding waste, such as we dare not for one moment contemplate. We think such a peace would be treason to the dead, disloyalty to the living, an assault on the authority of government, an open appeal to the lawlessness of anarchy, a deliberate outrage on the principles of patriotism, and even on the sacred precepts of religion."

Of course, if that is the sentiment among all the people engaged in war, it shows that they haven't got enough of it to make them sick. They seem to want satisfaction, so the war may as well continue till they get all of it they want. If it were stopped, with all hands not satisfied, they might get to bickering again and have another war. If that be possible, the best way to do is to let them fight it out so they won't want to see another war while they live.

If Mr. Caine were in the trenches he might have a different view, but it is quite probable that he correctly sizes up the situation. People who don't get enough of anything always want more. That is human nature. However, when people drink the bitter dregs of war to the very bottom of the cup they are only too glad to get a chance to stop.

We notice, however, that when a new generation comes on, human nature reasserts itself. No new generation seems to be able to realize that war is what Sherman called it, so there are those who become jingoes and poke fun at others who are "too proud to fight". Bullies like that ought to have a war among themselves so they could get what is coming to them. Those are the people, however, who drag other men into war but rarely ever go themselves. They all ought to go and be put in the front ranks so they could get all the war they want.

JEWELRY PRICES FOR COAL

The high cost of living is a tragedy in such large cities as New York and Chicago. Both cities are endeavoring to handle the egg problem while New York is at work on a coal problem that is extremely distressing to the poor. It is a peculiar circumstance that the rich can buy coal cheaply in large quantities and at the season when the supply can be had at the lowest price, but the poor had to buy piece-meal and pay exorbitant prices for a little bit at a time.

In New York it was discovered that there is imperative need of relief for small consumers, indicated in the fact that the price of coal by the scuttle and bucket on the East Side has ranged recently from $24 to $28 per ton. Just think of such a price for the poor to have to pay to keep from freezing! That is jewelry prices for coal, one of the absolute necessities in the rigorous climate of New York. Among the remedial steps contemplated is the opening of municipal coal yards in the poorer quarters at which retail purchasers can buy at moderate prices.

How numberless are the problems that we have to solve! Chicago is endeavoring to handle James E. Wetz, "the egg king," and is giving him a great deal of trouble because he bought up millions of eggs in the spring and summer and is holding them for high prices, thus depriving consumers of cheaper eggs and in many instances depriving them of eggs at all because of the prohibitive price. As to all these matters of the high cost of living, they are making investigations and inquiries galore. They can investigate and make all the inquiry they want, but they won't find an effective and satisfactory remedy till the people revolutionize the economic system that has grown up in this country.

They are after the egg king for storing and holding eggs for his price, but they never think of the land king who buys land and holds it for his price. They never think of the real estate king who buys houses of builds houses and holds them for his price. The fact is, all that sort of thing is regarded as "business," whereas the people at large never stop to think of the economics involved. Most of the remedies for the people lie in themselves and not in the law.

Investigating and calling down a few does not uproot the system nor disturb the economics involved. They cut off a few limbs but that is not getting down to the root of the tree.

In order to try to reduce the cost of living we prosecute a few men. That has never reduced it and it never will. We can reduce the cost of living by producing what it takes to live. The people are letting their foodstuffs be concentrated and delivered from a very small number of places in the United States. Community production is the only way for us to relieve ourselves from such a situation. We are not helpless, but we must help ourselves. The government can prosecute people, but that does not always help consumers. In the end consumers really have to pay the cost of all such investigations and prosecutions.

Practical Economy

Baking powders made from alum or phosphate may be bought for a trifle less than Royal Baking Powder, which is made from cream of tartar, derived from grapes.

Alum powders are not only cheap, but they differ greatly in leavening power.

If a cheap baking powder is used for a fine cake and the cake turns out a failure there is a waste of costly materials worth more than a whole can of the cheap baking powder.

Royal Baking Powder produces the finest food, and its use therefore, results in an actual saving.

WILMINGTON'S STEAMSHIP

Noting that Wilmingtonians have purchased an ocean going steamship and that her home port will be Wilmington, the Charlotte Observer says:

"It was a baptizing worth while in Wilmington Monday when a trans-Atlantic ocean liner was formally named "The City of Wilmington." This ship is equipped with a wireless outfit, is an oil burner, can carry 5,000 tons of cotton or other freight, and is owned by the Cape Fear Shipping and Trading Company, largely composed of Wilmington capitalists. We account the christening of this steamship an important event in the history of the port of Wilmington, a port, by the way, that in wharfage facilities and in business producing resources, offers attractions for the duplication of steamers like that just put into commission."

It is quite significant that a steamship is owned and is to be operated in and out of Wilmington, but it is more significant for the fact that it means direct trade between Wilmington and foreign ports—the carrying of the commodities of commerce in a Wilmington bottom. Sooner or later Wilmington is destined to have a regular line of steamers, such as has the port of New Orleans.

In shipping Illustrated this week we see it noted that Mobile is going to operate a fleet of home port vessels. The purchase of six vessels to be used in trade out of Mobile by the Bahamas Timber Company is announced by B. K. Richardson, Mobile manager of the company. In the fleet are the steamship Albert Soper, schooners Abbie Bowker, Arendal and Minerva, and barges Agnes A. McNally and Doctor Brooks. The vessels were purchased at a cash outlay of $250,000 and will fly the American flag.

COAL VIA CHARLESTON TO BOSTON

A Boston dispatch makes the significant announcement that the first cargo of coal ever shipped from Charleston, S. C., to Boston arrived in the latter port last week on the steamship Newton. The coal came from the southern part of West Virginia and was sent to Charleston for export instead of to Chesapeake Bay ports, because cars were not available over the Norfolk & Western railroad but were available over the Southern Railway to Charleston. The Newton loaded 6,800 tons of coal in 24 hours at the Charleston coaling station.

The main thing about this is that Charleston is now available as a coal port. Much of the coal traffic from the coal fields will be diverted to Charleston, especially that destined for export to Central and South American ports. For years we discussed the advantages of our South Atlantic ports as suitable locations for coaling stations, but Charleston beat us all to it. The Panama Canal magnified the advantages of the South Atlantic for both the coaling of ships and the export coal traffic as well. Already Charleston is growing in importance as a coal port and the day is coming when that port will hardly know herself.

CURRENT COMMENT.

The Wilmington Star notes a fact that had escaped general observation to the effect that "Governor Craig's Thanksgiving proclamation was distinguished for the reason that it is the first in the history of North Carolina to bear the signature of a woman as private secretary to the governor." And for that fact it reads all the better to the people of the State.—Charlotte Observer.

Statesville Landmark: "The Greensboro News and a number of other papers object to the term Civil war, as applied to the conflict of the 60s, as historically inaccurate. The News contends that it was a war of sections, a war of North and South, etc. In North Carolina the proper term is 'war of the rebellion.' It is so proclaimed in the constitution and two years ago the people of the State voted to hold fast to the name. In fact, opponents of the constitutional amendments in 1914 quoted approvingly various and sundry Confederate veterans as saying War of the Rebellion was the proper name and they wanted it to stay that way. Unless the News and others who are concerned about the proper name for the historic conflict want to violate the constitution, with premeditation and malice aforethought, they have the name fixed so far as North Carolina is concerned." What is the constitution amongst facts?—Greensboro News.

This brings the day back in spirit more nearly to that one first proclaimed as a regular thing by President Lincoln in 1864 than any other which has followed. We of the North than had much to be thankful for, including a presidential election which assured the country against an inconclusive peace. But the clouds hung heavily about the national cause. Grant's wilderness campaign had brought enormous losses without apparent compensating gains. The futile Petersburg operations and Early's raid around Washington had caused a sinking in every loyal heart. Another long year of bloody war seemed assured. So it was that the original among national Thanksgiving Day proclamations contemplated it as a day of self sacrifice and for "humbling ourselves reverently in the dust," rather than as a day of eating and drinking and merry-making. That is the truer spirit of the day. The real America can no more stuff its own stomach in forgetfulness of the afflicted in its own land than it can do so in forgetfulness of those afflicted by the most destructive war of history in other lands. Let this be a Thanksgiving week which shall reflect the truer spirit of the time and of America. —New York World.

CONSTIPATED, BILIOUS, RUN DOWN?

Wash Out the Bile With a Wineglassful of Tollo Water and Feel Fine in Half an Hour.

Our present mode of living makes bad livers. The bile tubes become choked and force bile into the system, causing gas, heartburn, coated tongue, constipation, dizziness, nervousness, headache and stomach trouble.

A third of a tumblerful of Tollo Water in a glass of plain water before breakfast relieves your constipation in 30 minutes. The natural properties of this water stimulate the liver to greater activity without the weakening effects produced by strong drugs.

Get a 15-cent bottle and take a little for a few days. It really works wonders. Tollo Water is bottled at Dawson Springs, Kentucky, but it is sold by druggists everywhere.

Sold by D. A. Elvington and other druggists.

LOCAL INTEREST WILL BE EVENLY DIVIDED

Raleigh and Richmond Will Both Draw Many Fans From Here.

Approaching Thanksgiving Games Between A. & M. and W. & L. and Carolina and Virginia Will be Big Drawing Cards.

So far as Wilmington football fans are concerned other than alumni of the rival institutions, interest in the big Thanksgiving football classics is about evenly divided between the game at Raleigh between A. & M. and Washington and Lee, and that between North Carolina and Virginia at Richmond. Raleigh, on account of being the nearest point, will probably draw the largest contingent from Wilmington, but in view of the fact that all railroads are offering exceedingly low round trip rates, many people from here who like to witness a hard-fought contest between pretty evenly matched teams, will take the longer trip.

Preparations have been under way for several weeks at Raleigh in anticipation of the big crowd which will come to the State Capital on Thanksgiving Day. New bleachers, both concrete and wooden, have been constructed to accommodate an attendance of 8,000 spectators.

The Thanksgiving game at Richmond between Carolina and Virginia will be the 23rd contest between these two institutions, 17 of which have been won by Virginia and four by Carolina. The last game won by Carolina was in 1905, and the Tar Heels are confident that they are going to put across another this year. Whether they do or not, all those who attend are certain to witness a struggle which will be well worth while from a sporting point of view.

LOCAL NOTICE IN THE STAR HAS "STIRRED UP SOMETHING"

Mr. W. B. Streeter Takes Occasion to Answer Inquirers.

"You have stirred up something," announced Mr. W. B. Streeter, of Asheville, superintendent of the Carolina Children's Bureau, as he entered the news offices of The Star yesterday afternoon.

"What's the matter now?" he was asked by the man who happened to be "on deck" at the hour. Then Mr. Streeter explained, to the relief of The Star man, who feared some error in some news story had "played thunder," that the local announcement several days ago that Mr. and Mrs. Streeter were in the city had resulted in numbers of people making inquiries as to where they could be found and where contributions to the cause they represent could be sent.

"The notice of the work in behalf of crippled and deformed children printed in The Star of last Saturday morning," Mr. Streeter explained, "has caused several inquiries as to where those interested may send financial help. Any one wishing to make a contribution, whether it is small or great, to aid the work for crippled children—and the needs are immediate and tremendously great—may send it to either Mr. or Mrs. Streeter at the Orton hotel, where they will be for a few days yet. More than two hundred children are already on the waiting list and help is being asked for others daily. To what more worthy cause could a Thanksgiving donation be made?" Mr. Streeter concluded. "If you'll make this explanation for me, I'll appreciate it," said Mr. Streeter. "Good day." And he was gone.

MAYOR MOORE INVITED TO ATTEND PREPAREDNESS MEETING

Congress for "Constructive Patriotism" to be Held in Washington.

A handsomely engraved announcement and invitation for the Congress of Constructive Patriotism, to be held at the New Willard Hotel in the city of Washington, D. C., on January 25-27, has been received by Mayor Parker Quince Moore, of Wilmington, from the secretary of the organization, which is a preparedness association. Mayor Moore is also requested to name three delegates to the meeting from this city.

As set forth in the announcement of the gathering, "the purpose of the congress is the consideration of the basic conditions of national security, and the development of an efficient national spirit."

Speakers of eminence will be in attendance and will open the discussion upon each topic and the delegates and preparedness advocates who have been invited to attend are asked to aid in every way towards making the gathering a success.

Robert Bacon, of New York, is chairman of the committee on invitations, and Herbert Barry, 31 Pine street, New York City, is secretary of the Congress of Constructive Patriotism.

IN THE RECORDER'S COURT.

Only Three Defendants at The Bar Yesterday Morning.

Shade Hicks, colored, was the worst sufferer in the Recorder's court yesterday morning. Shade went to the shadows for 30 days on a charge of assault with a deadly weapon. The case against Thomas Albro, colored, was held open until today, and Cornelius Green was discharged of an alleged larceny and housebreaking. He was adjudged not guilty of the former, and insufficient evidence was produced in the latter.

Enjoyable Entertainment Given.

More than 250 persons attended the performance given last night by "The Jolly Minstrels" at the Boys' Brigade armory for the benefit of Bladen Street Methodist church. The proceeds of the play will go towards paying off certain financial obligations of the church. The show, with a cast of amateurs, was a very pleasing one. It was largely gotten up through the efforts of Miss Fannie Sullivan.

MERCHANTS CO-OPERATING

Window Contest Will be Big Event in December—Stores Will Remain Open Evenings.

Wilmington merchants are very much interested in the window trimming contest being arranged by the Chamber of Commerce for December 7, 9 and 9, which will be the last three days of the week of the electrical celebration and will afford the people of the city a splendid opportunity for early shopping.

A large number of merchants have already returned their entry cards to the chamber, indicating their willingness to participate. Coming at the season of the year it will be particularly interesting and attractive and owing to the fact that many merchants had already arranged for beautiful window displays before the contest was announced, they will no doubt surpass the very successful event held last February.

The windows of the merchants will be screened for a reasonable length of time before the official opening at 7:30 P. M., Thursday, December 7th. The windows will all be disclosed simultaneously at the hour named. Many merchants are making arrangements to have most attractive displays, as they will be viewed by thousands of people during these days.

The following notice, indicating the classification, etc., have been mailed to 135 Wilmington merchants:

"The contest will be in progress for three days, December 7th, 8th and 9th. All contesting windows will be simultaneously disclosed at 7:30 P. M., on the evening of Thursday, December 7th, and remain on exhibition intact until the evening of the closing date, Saturday, December 9th. The awards will be made by a board of impartial judges. Cash prizes will be given.

Class A.—Department, dry goods, and millinery stores, ladies' shops, house furnishings.

Class B.—Clothings, men's furnishings, hat and shoe stores, tailor shops.

Class C.—Drug, stationery, book, music, jewelry, china, cigar and confectionery stores.

Class D.—Hardware, carriage and harness, sporting goods, leather goods, automobile, furniture, wall paper and paint stores, electrical and plumbing shops.

Class E.—Grocery and provision stores, bakeries, meat markets."

WEST VIRGINIA MINISTER ACCEPTS IMMANUEL CALL.

Rev. Thomas P. Allen Expected to Arrive in City Saturday.

Announcement has been made that Rev. Thomas P. Allen, of Clarksburg, W. Va., has accepted the call to Immanuel Presbyterian church in this city to succeed Rev. J. S. Crowley, who resigned some time ago on account of his health. Mr. Allen is expected to arrive in the city Saturday, and will occupy the pulpit Sunday.

With the coming of the new minister the First Presbyterian church will be relieved of the duty of sharing the expense of the support of Immanuel church. Heretofore, the congregation of the former have been aiding in defraying the expenses of the Immanuel pastor, but now the latter church will assume all its own responsibilities and expenses.

Rev. Mr. Allen comes to Wilmington with the best of recommendations. He has for the last several years been connected with the Tygart's Valley Presbytery, as superintendent of home missions, and as clerk of the body. He has also assisted in the issuance of the Presbyterian aGzette.

UNCLE SAM WANTS HELP

Advertises Large Number of Positions Which Will Soon be Open.

Uncle Sam is still in need of help of all kinds to aid in running the many different departments which he has chrge of. Many of these positions pay attratcive salaries and all of them afford plenty of leisure time. For those who are qualified they offer splendid advantages. MAKING DELICIOUS CAKES.

Thanksgiving and Christmas Dainties Being Turned Out at Farris'.

No establishment in Wilmington is working any harder in making preparation for the Thanksgiving season than is Farris Bakery, at No. 121 South Front street. They are turning out countless numbers of delicious Thanksgiving and Christmas cakes, that aside from their taste, have such an appetizing odor as to make a bear break his winter nap.

This is one of the largest plants in this section, of its kinc, and during the Thanksgiving and Christmas seasons they make a specialty of their cakes. They have a large patronage in the city who depend on them for their holiday sweetmeats. It was announced last night that the bakery is making up a ton and a half of fruit cake alone for the Thanksgiving and Christmas trade.

Fox Hunt Thanksgiving.

All members of the Wilmington Hunt Club, who intend to participate in the Thanksgiving hunt, are requested by Secretary John Lewis Williams to assemble at Carolina Beach Wednesday night, so that all may be in readiness for an early start Thursday morning. The members of the Nimrod organization are expecting quite an enjoyable chase in this the initial hunt of the season.

THINKS IT TIME THAT WILMINGTON WOKE UP

Mr. W. D. MacMillan, Jr., Makes Helpful Address to Rotarians.

Automobile Dealer Urges the Need of Cultivating Larger Area for Retail Trade—Rotary Club to Limit its Work.

Mr. W. D. MacMillan, Jr., brought a stirring message to the Wilmington Rotarians yesterday in which he pointed out the need of the people of this city to wake up to the opportunities that they have before them. Taking the slogan of an automobile firm to the effect that if every man knew the car of this particular brand as the salesman does, he would be certain to buy, Mr. MacMillan applied this to local conditions and emphasized the moral that it is time the people of Wilmington are alive to the advantages that they have.

There are three ways by which Wilmington can hope to grow in the opinion of Mr. MacMillan. It can either become a manufacturing center, a resort center or a trading center. It can, of course, become a center in all three ways and indeed is already a resort center and also a trading center.

The particular point emphasized by Mr. MacMillan, however, is the urgent necessity of increasing the trade area. Explaining that his business as an automobile dealer takes him into all the nearby towns and the intervening country Mr. MacMillan pointed out the possibilities that this section offers to Wilmington.

"I am getting my share of this retail trade," declared Mr. MacMillan, "but I want the other business interests to do the same. In order to reach New Bern, Kinston, Goldsboro, Wilson, Dunn and a dozen other towns and cities not so far distant we need better roads. We must have them but we also need to take steps to make these people think of Wilmington. As things now stand this city never comes into their thoughts at all. If they want to go to a big trading center they go to Richmond or Norfolk."

Mr. MacMillan was given an ovation following his address which was given in a very clear cut manner. It struck straight from the shoulder, did not mince words and dealt with facts of startling importance.

Upon recommendation of the executive committee, the club voted to leave all purely commercial questions to the Chamber of Commerce and in the future its activities will be more directly educational. It was decided that members of the club at the regular meetings should make talks on their business, explaining the advantages it offers and the difficulties that are encountered.

Rotarian Will Rehder presided at the meeting yesterday and President Roger Moore acted as secretary in the absence of the secretary, Mr. Meares Harriss. Several routine matters were taken up.

PETITION TO WESTERN UNION.

Lumberton Business Men Protest Against the Branch Office.

A petition protesting against the Western Union Telegraph Company making Lumberton a branch of the Wilmington office has been signed by practically all the business men of that place, according to the Lumberton Robesonian, which is conducting an energetic campaign against the change.

The Robesonian indicates that the people of that community are very much in earnest over the matter and states that it has information to the effect that a petition will be circulated asking the Postal Telegraph Company to come to Lumberton. This could be easily done, it is explained, as the company now goes to Tar Heel, only 14 miles away.

The Robesonian states further that a message has been received stating that the head of the Charlotte office of the company will adjust the differences of opinion that have arisen. The Lumberton paper discusses the question editorially in which it calls attention to the fact that if the manager of that office is overworked then the Western Union should provide more help. The Robesonian continues as follows:

"The business here is too heavy for one man and a messenger to handle, but if the Western Union cannot give Lumberton proper treatment in arranging to take care of the heavy business here no doubt the Postal will be glad to help it take care of the business. And that would be an advantage.

"But the business men of Lumberton have gotten busy on this matter and no doubt the Western Union managers will listen to their protest. Also the business men of Lumberton finally have waked up about the unfair treatment the Bell Telephone Company has been giving this town and there is a determination now to secure up-to-date phones. Patience has ceased to be a virtue in this matter. The Bell people are not going to do a thing until they are convinced that Lumberton folks are in earnest. Having taken the preliminary steps, the matter should be pushed vigorously."

NOW BUILDING NEW SHIP.

Vessel Will be Used Between Baltimore and Carolina Ports.

That the Baltimore & Carolina Steamship Company is actively preparing for the establishment of a line between Baltimore and New Bern and Washington, N. C., is the interesting news contained in this week's issue of the Nautical Gazette, which has the following item:

"President Mason L. Weems Williams, of the Baltimore & Carolina Steamship Company, expects to have overboard by the first of next year the wooden steamer Sarah Weems, under construction at the yard of M. Mitchell Davis & Son, Solomon, Md. The vessel is intended for a steam line from Baltimore to ports in the Carolina sounds and return by way of the Chesapeake and Albemarle Canal.

"New Bern and Washington, N. C., are to be ports of call, where freight will be delivered for interior points for which the merchants will arrange transportation.

"For many years there has not been any steam communication between Baltimore and the sound ports. All freight from Baltimore is now sent by sailing craft, which cannot keep up a schedule, and the Weems enterprise will fill the void."

M'NY VISITORS AT SCHOOL

Successful Entertainment Given at William Hooper—Other Schools Will Give Exercises Today.

A very successful and largely attended Thanksgiving entertainment was given yesterday morning at the William Hooper school. The school authorities were so much gratified at the interest betrayed in the work of the school by parents and friends that it has been decided to extend an invitation to the public generally to attend the exercises which will be given at the Union, Hemenway, Isaac Bear and Cornelius Harnett schools today.

Patrons of the school visited all the different rooms and had a chance to see just how their little ones are being taught. The exercises in the auditorium included concert recitations, songs and the reading of the honor roll, and a talk to the boys by Scout Commissioner Odis B. Hinnant.

Attractive programmes have been arranged for the remaining schools of the city. Short Thanksgiving entertainments will be given at the Union school at 9:30 A. M., at the Hemenway at 11 A. M., and at the Isaac Bear and Cornelius Harnett schools at noon and 1 P. M., respectively.

WILMINGTON MAN ACCEPTS POSITION IN WEST VIRGINIA.

George C. Adams is Named Manager of Tri-State Credit Bureau.

Mr. Geo. C. Adams has resigned his position with the Cape Fear Oil Company to accept the position of manager of the Tri-State Credit Adjustment Bureau at Huntington, W. Va. Mr. Adams stated last night that he expected to leave Wilmington about December 10. He has been a resident of this city for the past nine years and has made a wide circle of friends, who while regretting to see him leave, will wish him well in his new undertaking.

The Huntington Herald-Dispatch has the following to say of Mr. Adams, who was formerly a resident or that city:

"Negotiations started a week before, ended yesterday in the engagement of George C. Adams, of Wilmington, N. C., formerly a resident of this city, as manager for the recently organized Tri-State Credit Adjustment Bureau, an institution affiliated with the Huntington Credit Men's Association, out of which it grew. Mr. Adams came here yesterday for a conference with the committee of the Credit Adjustment Bureau appointed to secure a manager. Mutually satisfactory arrangements were quickly made and it was announced that Mr. Adams, who leaves for Wilmington today, would return to Huntington shortly, possibly as early as the first of December, to enter upon his new duties.

"Many Huntingtonians remember Mr. Adams who was at one time connected with the First National Bank, but who left here for the South in 1900. He has had a successful career as a credit man, having been connected with the credit department of Armour & Company."

ELECTRIC POSTER PRIZE AWARDED TO CALIFORNIAN.

Emblem for Electrical Week Will Have Prominent Place in Decorations.

An electrical poster, designed as an emblem for Electrical week, December 2-9, in which Wilmington will join with the other larger cities of the country, will have a prominent place in the decorations. The Society for Electrical Development offered a prize of $1,000 for the best poster to be used as an official design of America's Electrical week and it was won by Harold von Schmidt, of California.

It is stated that noted artists vied with art students and high school pupils of every city in the United States in competing for this prize. The prize drawing depicts the modern Aladdin pressing a button and bringing into his presence a mighty genii, Electricity, who stands with bent head, awaiting the order from his master, always ready to obey all commands at the mere touch of a small button.

In connection with the celebration next week in Wilmington, a crew of ten expert demonstrators of the Westinghouse Electric & Manufacturing Company will be in this city. They will make a house to house canvass in order to better acquaint the people with electrical appliances and to show how safe and practical they have become—and how inexpensive.

One of the big features of the celebration will be the show window competition which will be conducted under the auspices of the Chamber of Commerce. This will be in progress for the last three days of next week and it is expected that many of the merchants will join in making this a noteworthy event.

POLICEMAN KILLS HORSE

Horse Attached to Empty Dray Fell and Broke His Hip.

A horse belonging to a colored drayman, was shot and killed at Sixth and Princess streets Monday afternoon by Policeman A. L. Long, after he had lain there for several hours with a broken hip. According to eye witnesses, the horse was hitched to an empty dray at the time of the accident, and slipped on the pavement. Persons living in the vicinity say that it is no unusual occurrence for horses to fall on the pavement in the vicinity of this particular corner.

MILK DISTRIBUTION SERVICE

Mr. Warren Will Start Operations Next Friday—Creamery Expert is Expected to Arrive Soon.

Next Friday morning most consumers of milk in Wilmington will begin to receive their supplies from the distributing establishment of Mr. A. G. Warren on North Second street. Although all the machinery for his creamery and butter factory have not yet arrived, Mr. Warren states that he will begin the distributing service promptly on December 1st.

The Warren plant will provide a place for the handling, inspecting, bottling and also pasteurizing, where it is desired, of all milk of the 18 or more producers with whom he has contracts.

In addition to the central creamery and distributing station at No. 20 North Second street, Mr. Warren announces that six sub-stations will be established in the southern, eastern and northern sections of the city, two in each section. These stations may in some cases be placed in conveniently located grocery stores.

A letter was received yesterday by Mr. Warren from Mr. E. M. Bock, a University of Wisconsin creamery expert, stating that he was leaving the next day for Wilmington. Mr. Bock has been engaged by Mr. Warren to superintendent the technical end of his manufacturing and creamery business.

Policeman is Improved.

Policeman Frank George, who suffered a convulsion in the recreation room of the police station early Monday night, was reported yesterday as being considerably improved.

LETITIA REBEKAH LODGE HOLD ANNUAL FALL BAZAAR

The annual fall fair of the Letitia Rebekah Lodge I. O. O. F., opened at 11 o'clock yesterday morning in the Odd Fellows' hall at Third and Princess streets. The bazaar contains the usual booths, including "Rebekah at the Well," and "Country Store." A dining room was also conducted in connection with the affair and did a good business at both the noon and evening hours.

The purpose of the fair this year is to raise funds to build a fence around the grounds of the Odd Fellows' Home. Last night a special programme was arranged that was very much enjoyed by those who attended, although the threatening weather kept many at home who would otherwise have attended.

The sale will be resumed at 10 o'clock this morning in order to finish the sale, and to give those who were deprived of attending last night by the inclement weather a chance to attend.

DELIGHTFUL FACULTY RECITAL AT GREENVILLE WOMAN'S COLLEGE

Greensboro, N. C., Nov. 28.—The schools of music and expression of the Greensboro College for Women gave the third faculty recital of the season last evening in the college auditorium. A beautiful programme was rendered by Mr. Mortimer Browning, pianist, and Miss Meredith Clark, reader. This was the first public apearance of Miss Clark since her recent arrival in this city. She is an A. B. graduate of Central College, Arkansas, and has taken post-graduate work in expression. In 1913 Miss Clark won the medal in the Arkansas state college reading contest and since that time has become a very efficient teacher of elocution. Her readings last evening were enjoyed by a large crowd of people from Greensboro and nearby cities.

Mr. Mortimer Browning is well known to the music lovers of this section of the State. He is a graduate of the Peabody Conservatory of Music, Baltimore, Md., and has been connected with the music department of the Greensboro College for Women for a number of years. Mr. Browning has won success not only as a performer, but as a composer. Last evening he rendered a number of pieces of his own composition, which were greatly enjoyed.

WILMINGTON MUSICIANS WILL PLAY IN WASHINGTON CHURCH

Announcement was made in Sunday's Washington Post that Mrs. Louise McCarver and Miss Luck, both of whom are well known in Wilmington, having made this their home the past year, are to play at the Thanksgiving services tomorrow in the First Presbyterian church in Washington, D. C. Both of these women are skilled musicians and are now members of the orchestra at the National hotel in Washington. Says the Washington Post:

"At the First Presbyterian church, John Marshall place, at the 11 o'clock service on Thanksgiving day, Dr. John Britton Clark's subject will be "American Watchfires." The choir will be assisted by Mrs. Louise McCarver, violinist; Miss Luch, 'callist, and Mr. Roger J. Whiteford, barytone. The choir will sing 'The Landing of the Pilgrim Fathers,' by Brown-Wager; incidental solos by Miss Leckie and Mr. Whiteford. Schubert's 'Serenade,' and the Bach-Gounod 'Ave Maria', will be played by Mrs. McCarver, Miss Luch and Mrs. Schutt. At the offertory Miss Elizabeth Leckie will sing 'A Psalm of Thanksgiving,' by Allitson."

THE HOUSEWIVES LEAGUE HAD INTERESTING MEETING TUESDAY

The Housewives' League held their regular meeting yesterday afternoon in the Rest Room on Chestnut street. The meeting was enthusiastic and interesting ,and plans were made for the carrying on of the inspection of stores and dairies.

There was much discussion as to the advisability of maintaining a Merchants' Exhibit room. It has been of great benefit to the merchants, owing to the fact that a large number of people who come from the country to buy, use the Rest Room, and show great interest in the exhibits and advertisements.

The exhibit in itself, however, is of no benefit to the league, and has made a considerable amount of hard work necessary to maintain it, it is stated, owing to the apparent indifference of those who derive the most benefit from it.

Mr. John F. Hall, who is an extensive grower of fine apples in his large orchard lands near Richmond, gave an exceedingly interesting talk at the meeting, on the practical methods of producing and marketing the fruit, and at the same time showed that if arrangements could be made to get a direct contact between producer and consumer, that a decided saving would be affected, and thus aid in cutting down the high cost of living.

MISS FLORENCE POTTER BRIDE OF ANNING MORTIMER PRALL

Of interest to many friends will be the account of the marriage of Miss Florence Potter, who formerly lived in Wilmington, which took place last week at Port Richmond, Long Island, New York. The following is from the Richmond County Advance, a weekly paper, published at New Brighton, N. Y.:

"In the Port Richmond Reformed church last night Miss Florence Harper Potter, daughter of Captain and Mrs. Leta D. Potter, of Westerleigh, became the bride of Anning Mortimer Prall, son of Mr. and Mrs. Anning S. Prall. The Rev. Otto L. F. Mohn performed the ceremony which was witnessed by many people who later attended the reception held at the home of the bridegroom at 160 College avenue.

"Mr. Halen Hillyer Haydock played the organ for the bridal procession. The bride, who was given away by her father, was attired in a gown of white duchess satin and duchess lace and wore a tulle veil fastened with orange blossoms. Her bouquet was a shower of bridal roses and lilies of the valley . Mrs. James F. Gause was the matron of honor and wore a gown of yellow satin and a hat with a gold lace brim and crown of blue panne velvet. She carried white chrysanthemums.

"The bridesmaids were Miss Cora Munger, of New Bern, N. C.; Miss Helen Hillyer, Miss Ruth Norman and Miss Ellen Edson, the latter two of Brooklyn. Gowns of white silk net with bodices of cloth of gold and gold lace hats were worn by these attendants and each carried a bouquet of yellow chrysanthemums. Bryan Prall, a brother of the bridegroom, was the best man, and the ushers were Edward E. Bates, of Flushing, L. C.; Harold Edson, of Brooklyn; Edgar J. W. Macnay and DeWitt Eadie.

"Following their wedding trip Mr. and Mrs. Prall will reside in Westerleigh."

PRETTY CHURCH WEDDING CELEBRATED LAST EVENING

The First Presbyterian church was the scene last evening at 5:45 o'clock of a pretty wedding when Miss Margaret Cronly, daughter of Mrs. Joseph Murphy Cronly, became the bride of Mr. Marion Harriss, son of Major and Mrs. W. N. Harriss. The ceremony was performed in the presence of a large congregation of friends and relatives by Rev. Dr. J. M. Wells, pastor of the church.

The church had been beautifully decorated, the pulpit being banked with ferns, palms and other greenery while the glow of tiny candles in the rear made the scene one of exquisite loveliness. As the bridal party entered the church, the "Bridal Chorus" from "Lohengrin" was played by Mr. E. H. Munson, organist of the church.

Miss Sarah Michaux, of Goldsboro, was maid of honor. Her gown was made of cloth of gold with gold tulle and orchid girdle and she carried a shower bouquet of sunburst roses and lavender sweet peas.

Two of the bridesmaids, Misses Emma Woodward and Caroline Holmes, were gowned in silver cloth with blue tulle trimmings while Misses May Carmichael and Marie Grainger, the other two bridesmaids, wore gowns of silver cloth with pink tulle trimmings. All of the bridesmaids carried bouquets of pink roses.

Master Swift M. Boatwright, Jr., dressed in white, an little Miss Jean Boatwright, dressed in white with pink sash and carrying pink roses, were the ribbon children.

The bride, who entered the church with her brother, Mr. R. D. Cronly, was dressed in white, and little Miss Jean with trimmings of tulle, court traine, and her veil was caught with orange blossoms. She carried a bouquet of white roses showered with lilies of the valley.

The groom was accompanied by his best man, Mr. Williams Harriss. The groomsmen were Messrs. R. L. Henley, Cyrus D. Hogue, Robert Strange and Emmett H. Bellamy.

Immediately after the wedding, a reception was held at the home of the bride's mother, No. 14 South Third street, for members of the family and intimate friends. The home was beautifully decorated with evergreens and flowers. The receiving line was composed of the mother of the bride, the parents of the groom and the members of the bridal party.

Mr. and Mrs. Harriss left on the 6:45 northbound train for a visit of ten days in Northern cities and upon their return to this city will be at home to their friends at the Carolina Apartments.

Both the bride and the groom are members of prominent Wilmington families. Mrs. Harriss is a charming young woman who has a host of friends here and elsewhere. Mr. Harriss is very popular with all who know him and is a young man of bright promise. He is employed in the general offices of the Atlantic Coast Line.

Among the out of town guests here for the wedding were: Mrs. John London, an aunt of the bride, of Birmingham, Ala.; Mrs. Fanny L. Barry, another aunt, of Hampton, Va., and Capt. D. T. Cronly, an uncle of the bride, of Columbia, S. C.

No invitations to the wedding were sent to friends in Wilmington but only to those out of the city.

HAIR GRAY? THEN APPLY Q-BAN

It Darkens Gray Hair Evenly.

If your hair is gray, streaked with gray, prematurely or just turning gray, or if your hair is dry, harsh, thin or falling, simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. Soon every strand of hair (whether gray or not) becomes evenly dark, soft, flossy, fluffy, full of life and health, full and heavy and fascinating, and entire head of hair is so beautifully and evenly darkened no one could suspect you had applied Q-Ban. It is absolutely harmless and no dye, but Q-Ban acts on roots, restoring color glands. Sold on a money-back guarantee, 50c for a big bottle at Green's Drug Store, Wilmingtton, N. C. FRITZ HANSON AND JACK ROSS WILL MEET HERE FRIDAY NIGHT

Two of the Cleverest Mat Artists in the South to Clash at Woolvin Hall.

At 8:30 Friday night in Woolvin Hall, a rough and ready Greek, trained for a finish scrap, and a clever, cunning Swede will lock horns on the wrestling mat. Jack Ross, of Columbia, S. C., will be the representative of the Hellenes, and Fritz Hanson will uphold the honor of the Vikings.

This will be the fourth meeting between these two athletes, but it will be the first time that they have clashed with the toe hold barred. It is on this that Ross is basing his hopes for a victory. Hanson downed him twice with this hold, once in Columbia, and once in Orangeburg, S. C. Their other meeting which was staged at Columbia on Labor Day, resulted in a victory by default for Ross, Hanson being forced to retire with an injured shoulder.

Ross will have about ten pounds the best of Fritz when they enter the ring Friday, as he is expected to weigh about 165 pounds when he strips for action, while Hanson will carry about 155 pounds.

Gunner McGurley, the Fort Caswell artilleryman, will be the third man in the ring. The Gunner is an expert in this line and above all he absolutely insists on fair play. The fans are delighted with the prospect of having McGurley referee, as he is quite popular in local wrestling circles.

According to an announcement made by Hanson last night, it is practically assured that Dr. Roller, the noted American heavyweight champion, will appear here on December 8. Just who will be his opponent is not as yet definitely known.

FISHING BOAT STOPS BULLETS.

Claim That Reckless Firing by Members of Seminole Crew is Dangerous.

Alleging that his boat had been practically riddled by steel bullets, presumably fired by the crew of the cutter Seminole, who are engaged in target practice at Wrightsville Beach, and that his entire crew had been demoralized by the whine of the bullets over their heads, Mr. J. M. Hewlett of Wrightsville Beach, was in the city yesterday morning to complain of the alleged reckless firing by the Seminole's marksmen.

Mr. Hewlett states that the target fire would not interfere with the fishing, if the targets were so arranged that the firing would be done toward the sea, and not across the inlet, as he claims is now the case. While he did not actually see the members of the Seminole crew fire the bullets in question, the fact that they were of steel, and from the regularity with which they came, he is convinced that it was the crew of the cutter who are responsible for the damage. He estimates that it will take at least $100 to repair his boat.

CONVICTS TO STOCKADE

Summer Camp at East Wilmington Abandoned for the Winter Months.

With the coming of winter the county convicts, known as Gang No. 2, who have been camped at East Wilmington during the summer months, have been moved to the stockade, where it will be possible to give them better treatment during the cold weather.

The main detachment of the county's convict forces are now working on the Winter Park-Wrightsboro highway, and are engaged in enlarging the old dam at the old Roger Moore brickyard. This road will when completed form a fine connecting link with the northern points of the county. There is no road at present through this immediate section, with the exception of a blind road that is at once narrow and rough.

Road Superintendent Burnett is making rapid headway in his construction work, and the new turnpike bids fair to soon be one of the finest stretches of roadway in New Hanover county.

W. L. I. RECEIVE MEMORIAL

Tablet Made From Metal of U. S. S. Maine Placed in Armory Entrance

Within the entrance to the armory of the Wilmington Light Infantry on Market street, has been placed a memorial tablet, made from the metal of the battleship Maine, which was blown up and sunk in the harbor of Habana, Cuba, on February 15, 1898.

The tablet is presented to the local organization by the Navy Department, as a commemoration of the bluejackets who lost their lives when the ship went down. It represents the figure of the Goddess of Liberty with her head bowed in sorrow overlooking the wreck of the Maine. It is inscribed "Made of metal from the U. S. S. Maine, destroyed Havana harbor Feb. 15, 1898." No ceremonies marked the placing of the tablet.

Thanksgiving Car Schedule.

Tomorrow being Thanksgiving Day the usual holiday car service will be provided by the Tidewater Power Company on the suburban line. On that day the regular week-day schedule will be operated during the morning hours, and in the afternoon the cars will be run on a half-hour schedule from 2 until 5 p. m. No freight wil be handled on that day.

PARADE WILL BE BIG FEATURE

December 9 Date Set for Laying Cornerstone of New Customs House. Speaker Not Yet Secured.

At a meeting of the committee on arrangements, appointed by the Knights of Columbus, held Monday night, Saturday, December 9, was designated as the date for the laying of the cornerstone of Wilmington's new half million dollar customs house, which will be done under the auspices of the Knights of Columbus.

It was announced yesterday that all the city and county officials as well as the fraternal and civic organizations of the city would be invited to take part in the ceremonies. Grand Night George P. Galvin will actually lay the cornerstone, assisted by the heads of the other fraternities that take part.

The orater of the occasion has not as yet been announced, but it is understood that he will be a man of prominence in the life of the State or Nation. Mayor Parker Quince Moore, of Wilmington, has been asked to introduce the speaker.

The actual laying of the stone will be preceded by a big parade that will be one of the principal features of the event. The complete details of this part of the ceremony have not as yet been fully decided on but all the fraternities, societies and other organizations of the city are expected to participate in this part of the programme. The parade will begin at 3:15 and the other ceremonies are slated to begin at 3:45.

The committee from the Knights of Columbus arranging for this event is composed of Messrs. George P. Galvin, chairman; J. O. Reilly, C. A. Rodgers, J. J. Allen, Irving Corbett and Dr. T. B. Carroll. The cornerstone is being carved in Indiana, but is expected to arrive in Wilmington in ample time for the ceremonies.

PERSONAL PARAGRAPHS.

—Mr. H. Cole has returned from a business trip to New York.

—Among the arrivals at the Hotel Wilmington yesterday were F. L. Frikenstaedt, Bolton; H. P. Woodson, Burgaw; Rev. C. J. Thompson, Raleigh; E. W. Kinlaw, Badia; W. H. Campbell, Fayetteville; C. J. Jordan, J. E. Cobb, Wallace.

—Among the arrivals at the Orton yesterday were E. A. Hawes, Jr., Atkinston; O. L. Lawson, Evergreen; J. B. Journey, Raleigh; W. L. Kitchener, Jacksonville; D. D. Sparkman, Burgaw; R. W. Freeman, Wilson; S. T. Robertson, Wallace; John C. Lamb, Wilson.

—His many friends will be glad to know that Mr. Walter D. Colwell, who underwent an operation for appendicitis yesterday afternoon at the James Walker Memorial Hospital, stood the operation well and is resting comfortably, according to a report from the hospital late last night.

Another Big "Tater".

New Hanover is not yet ready to yield the palm to any other county on the "champeon" potato! Capt. S. A. Lewis, of Carolina Beach, yesterday sent to the store of Mr. J. W. Brooks, in this city, a potato that will be hard to equal, much less eclipse. It is of the Porto Rico yam variety and weighs ten pounds. It was raised in some of the low swamp lands near Carolina Beach and without the use of commercial fertilizers.

LOCAL DOTS.

—License to wed was issued yesterday at the office of the Register of Deeds to Mr. Pharoah Piner and Miss Annie Mae Matthews, both of this city.

—Mr. H. J. Groves, who has rooms at the Y. M. C. A., reported to the officers that he gave a pair of trousers to a colored boy Saturday to take to a pressing club, and that boy and garments had forgotten to return.

—Sunrise Thanksgiving services will be conducted by the Christian Endeavor Society of St. Andrew's Presbyterian church in the Memorial hall on Thursday morning at 7:30 o'clock. The donations to this occasion will be sent to the orphanage at Pavlum Springs.

—Mose Sharpless, colored, fell into the clutches of the law Monday when he tried to sell a number of automobile tires at reduced prices. Plainclothesman D. W. Coleman received a tip that the tires were stolen, and he locked up the peddler of automobile accessories.

—Report was made to the police yesterday that some one had tried to enter the store of E. W. Bennet, colored, on North and Red Cross street early Monday night. The would be robber was trying to force the back door of the store with an axe when discovered by a pedestrian. He took flight at once.

COTTON SEED CRUSHED.

Census Bureau Issues Its First Report Under the New Law.

Washington, Nov. 28.—Cotton seed crushed in the two months from August 1 to September 30, amounted to 413,205 tons; crude oil produced 119,933,091 pounds; cake and meal produced 196,314 tons and linters obtained 97,928 bales, the Census Bureau today announced, in the first of the reports on such products called for regularly by a recent law. Hereafter a report will be issued monthly.

"A Trial Is All We Ask"

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Prof. Hertzog Praises This Perfect Laxative

Dr. Caldwell's Syrup Pepsin an Ideal Remedy for Constipation.

In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared, and that this combination of simple laxative herbs with pepsin fulfills its purpose is proven by its place in thousands of American homes.

Prof. F. J. C. Hertzog, the well known linguist, 2341 North Orianna St., Philadelphia, Pa., wrote to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his household with excellent results and that he and his family consider it indeed a friend in need, and always keep a bottle of it on hand.

Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation, because the very violence of their action shocks the entire system. A mild laxative, such as Dr. Caldwell's Syrup Pepsin is far preferable, being mild and gentle in its action without griping or other pain or discomfort; its freedom from all opiate or narcotic drugs makes it an ideal remedy for children.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that is facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

THEATRICAL

For today the Grand announces the greatest attraction ever presented in Wilmington at prices as low as five and ten cents admission, in the presentation in addition to the seventeenth great episode of "Gloria's Romance," of that massive film production, "Du Barry," starring the creator of the role on the stage, Mrs. Leslie Carter, one of the greatest dramatic actresses the world has ever known.

To gather together from San Francisco, Cal., to London, England, the long disremembered cast that made "Du Barry" famous the world over on the stage, and to send these units to a remote spot in the foothills of the Alps in Italy to re-enact for motion pictures the beautiful tragedy that delighted millions and made them severally famous, is something of a feat even in these days of expensive picture making. But that is exactly what George Kleine did in order to make "Du Barry"—a drama immortalized by the bloody events of the French revolution, foreshadowed by the gay and extravagant life of luxury enervated Versailles.

Mrs. Leslie Carter, Hamilton Reville, Richard Thornton, Campbell Gollen and the other members of the original cast spent six months in the George Kleine studio erected at Grugliasco, Italy, near Turin, and trips were made in and out of Paris, and to Naples, to get certain scenes. It stands a six reel masterpiece the equal of which the world has never been equalled before for the price.

RICHARDS, "The Wizard," Presidenting an Entire New Show at the Victoria Today, Featuring "The Human Projectile."

The seventeenth great two reel episode of "Gloria's Romance," starring the entrancing Billie Burke, just three weeks from the grand finish, you can imagine will be packed full of action and interest. This makes a superb eight reel—two hours—show that has never been equall before for the price.

Varied Programme at Bijou.

Today at the Bijou will be presented a programme of such varied interests that it should appeal forcibly to every patron of that theatre, introducing as it does, some innovations such as have never been seen in Wilmington before.

The innovation is "Reel Life," the screen magazine. You have seen the screen newspapers or Animated Weeklies, but the screen magazine is a brand new innovation ,and you can imagine, from its relation to the screen newspaper, by comparing the two, just about what it consists of—things of curious interest and educational value, entertaining specialities and other things gathered from all parts of the globe.

A great dramatic feature today is "Life's Yesterday," a tense two reel Vitagraph dramatic feature, starring Julia Swayne Gordon and Leo Delany, in the two leading roles. It is a magnificent two reel production with a punch seldom seen in a short length picture, an air of mystery and pathos enveloping the whole.

A great Cub comedy scream, "Movie Struck," stars that inimitable comedy king, George Ovey, in the leading role.

You will note that the Bijou is now presenting no one programme, but is choosing the biggest features from all programmes, presenting today two big Mutual features and a great Vitagraph dramatic feature.

New Programme at Victoria.

After thoroughly amazing and delighting large audiences during the past two days Richards, "The Wizard," and company will offer an entirely new programme at the Victoria for today and Thursday, beginning with matinee this afternoon at 3 o'clock.

The feature of the show today is "The Phantom Cannon" or "The Human Projectile," the most daring and wonderful sensation ever presented on an American stage, or ever attempted by any magician. In this act a young lady is actually shot out of a large forty-two centimeter cannon, through a solid mass of iron, steel, wood and brass, only to be found in less than one minute's time securely locked within the innermost of three large trunks hanging in midair. This alone is an act that will create a veritable sensation, and no magician has ever presented an act rivalling this.

This is only one, however, of the innumerable effects and acts that the marvelous Richards will offer on today's programme, as he carries a whole carload of wonderful effects, and has already proven to the satisfaction of every man, woman and child, who has seen the show, that he is the greatest magician who has ever appeared in Wilmington.

The show overflows with good, clean comedy, is most gorgeously staged, and at times nearly brings the audience out of their seats with some startling sensation. If you have not already seen Richards you had better go today and you will most surely go again, as he will fool you into believing that Egyptian princesses come tumbling out of the ceiling and that duck and chickens grow "out of the nowhere into the here."

Rare Musical Treat Promised.

The announcement that "Gypsy Love" in Andreas Dippel's own production of the internationally famous comic opera written by Franz Lehar, who first brought the music-loving world to his feet with his "The Merry Widow," is to be presented here on next Wednesday at the Academy of Music, contains promise of keen interest to music lovers.

"Gypsy Love" music, which already has popularity here ahead of the stage production's appearance, is representative of the best Lehar genius; certainly the equal of "The Merry Widow," and in some passages indisputably superior.

The entire work is richly, lavishly scored, in its original form embracing, besides incidental passages, more than twenty numbers; and, best of all, their variety and distinctive musical individuality is almost as great as the whole number.

"Gypsy Love" to be effective must be lavishly staged and provided with a cast and choruses of the highest standard, and lastly the beautiful but difficult Lehar music demands a perfect orchestra. Assurance that these advantages will obtain in the presentation here is taken from Dippel's personal promise of an entirely new production, a notable Broadway cast headed by the famous young tenor, Arthur Albro, and a Metropolitan Opera orchestra carried with the company. Prices will range from 50 cents to $2. Tickets will go on sale at Elvington's next Monday morning.

PAPER IN RECEIVER'E HANDS

Some Creditors of Greenville Reflector Become Restless.

(Special Star Correspondence).

Greenville, N. C., Nov. 28.—The Reflector Company, publishers of the Daily Reflector, a weekly paper and also doing job work, has been placed in the hands of a receiver, L. G. Cooper, a lawyer, having been appointed temporary receiver. It was a stock company and some of the creditors wanting to collect led to the receivership. It is the only paper here and will continue to be published until sold or reorganized and obligations liquidated. It is not known what steps will be taken towards this end.

Some time ago Mr. Hux, a former employe, lost a hand in some of the machinery of the outfit, for which the court allowed him a verdict for $4,000 damages. This case is now pending in the State Supreme court and this no doubt hurried some creditors in efforts for collections and hastened the receivership. From values placed upon property by interested parties, it should bring enough to satisfy all claims.

RESENTED IN DUPLIN

"Slur" Cast Upon Kenansville Not Relished by Citizens of County.

(Special Star Correspondence).

Warsaw, N. C., Nov. 28.—Not only the people of Kenansville, but many in the neighboring town of Warsaw, resent the slur cast upon the historic county seat by those witnesses in the Stocks case, who were quoted in several newspapers as saying that "they preferred spending the night in Lenoir county jail to remaining at large in Kenansville." While the little town does not claim to boast the attractions of a metropolis, or to be wildly exciting in its amusements, it is the abode of many charming people, and judges, prominent speakers, and to the writer's knowledge, two governors of the State, have made pleasant and enjoyable visits here.

It possesses one of, if not quite, the handsomest court buildings in the State. There are many worse places in which to stay than Kenansville, and those who were so bored by their sojourn there, should remember that the people of Kenansville and Duplin county are not responsible for the Stocks case having been brought here, and, while feeling no unkindness towards Mr. Stocks, feel that we have enough to do in taking care of our own troubles without having those from other counties thrust upon us.

To compare our county seat, unfavorably with a jail, gives outsiders a wrong impression of the town, and is unkind, to say the least. C.

SENIOR ORATORICAL CONTEST.

Big Event at Davidson College Begins Friday Afternoon.

(Special Star Correspondence.)

Davidson, N. C., Nov. 28.—Beginning Friday afternoon, the members of the class of '17 will be given an opportunity to show their oratorical ability in the annual senior oratorical contest. This being one of the requirements for graduation, all of the members will be heard from. The members who will speak come from six states in the Union and two foreign countries as follows: North Carolina 21; Georgia 9; South Carolina 7; Mississippi 4; Florida and Virginia, one each; China 2 (sons of missionaries); Persia 1 (native).

There will be many visitors on the hill during these speeches. Saturday will be a holiday for the students, as there will be speaking in the morning and afternoon. The present senior class is the only class in college that does not have a representative from Wilmington. In the junior class that will give their orations in the spring there are two Wilmington boys, J. D. Sprunt and W. C. Cumming.

CHURCHES WANT NEW CIRCUIT

Rev. T. W. Lee Finished Good Year's Work on Kenansville Circuit.

(Special Star Correspondence).

Warsaw, N. C., Nov. 28.—Rev. T. W. Lee preached his farewell sermon at the Methodist church here last Sunday, this concluding his four years pastorate of the Kenansville circuit. During this time, Mr. Lee has been instrumental in the building of a new church, known as Lee's Chapel; in remodelling and improving the Kenansville church; in repairing the parsonage at Kenansville; in repairing the church building at Warsaw, and in securing material for re-modelling Wesley's Chapel.

At a joint conference held here Sunday night, of representatives of the Faison church and the members of the Warsaw church, it was determined to petition the bishop and his cabinet, at the conference in Durham next week, to make a new circuit, composed of the churches at Faison, Warsaw, Friendship and Hines.

Chicago, Nov. 28.—Frank E. Pershing, of Chicago, a nephew of Major General John J. Pershing, today was elected captain of the University of Chicago football eleven for 1917. Pershing is a quarterback.

CREW OF DANISH SHIP WAS TAKEN ABOARD SUBMARINE

Copenhagen Paper Gives Account of Experiences in Bay of Biscay.

Berlin, Nov. 28, (via Sayville).—Experiences of a German submarine that sank the Danish steamer Therese in the Bay of Biscay and of the crew of the Danish vessel are published by the Copenhagen Politiken, says the Overseas News Agency. The Therese, says this account, was sunk by an explosion of bombs during a storm. The crew of 19 men, of whom half were English, were taken on board the submarine where they remained for 18 hours.

On the following day the submarine stopped a Norwegian steamer carrying coal from England to Italy, and the crew of the Therese was sent on board the Norwegian craft which was directed to take them to Brest.

Meantime, says the account, a British steamer had approached. A British torpedo destroyer, which was hidden behind her, opened fire upon the submarine which escaped by submerging.

DEMOCRATIC DEFICIT IS BEING WIPED OUT

Interesting Details of Task Given by Treasurer Marsh.

Most Interesting Light on Sources and Character of Contributions Now Being Received by National Committee.

(Special Star Correspondence.)

New York, Nov. 28.—Interesting details of the task of wiping out the National campaign deficit were made public today by Treasurer Wilbur W. Marsh, of the Democratic National Committee.

Mr. Marsh talked very frankly about the work in which he and his associates are now engaged. Believing it to be a subject in which the public is vitally concerned, he permitted a glance through the responses to the committee's appeal for funds, which sheds a most interesting light upon the sources and character of the contributions received up to the present time.

He pointed out that the committee was particularly grateful for the spontaneous and hearty response from independent citizens who had received no party advantages, in a political sense, from the Democratic party in the past and expected none in the future. These contributors, he added, were prompted solely by an abiding sense of patriotism and gave in a spirit of genuine gratitude.

"An impressive feature of the contributions up to date is that many are from citizens who are under no obligations to the party for any past political favors," continued Mr. Marsh.

"They strikingly express the deep feeling of gratitude over the re-election of President Wilson entertained by independent citizens throughout the country. They are in a sense thank offerings by American voters who feel both pride and honor in the opportunity of thus personally participating in Democracy's triumphs. These voluntary contributions from citizens upon whom we had no claim in a party sense are, of course, very pleasing to us.

"When in the closing days of the campaign, however, the party managers pledged the National Committee's credit in a determined effort to make a final and resolute stand against the devices of the organized wealth which sought to turn the admittedly genuine drift away from President Wilson, we relied and had a right to rely upon the great body of Democrats in the nation to financially back us up.

"Naturally, we now look to these Democrats, who, in a party sense, share in the honors of the wonderful victory, to make it clearly known by their prompt and generous response that future Democratic National Committees, if ever confronted by the menace of coercive wealth and Republican unscrupulousness, as we were, may rely upon the party to support them to the limit in combating the powerful influences of the opposition.

"In other words, let the message go forth that the great rank and file of Democracy stands behind its party managers ready and eager to support to the utmost their party's patriotic refusal to be either dismayed or intimidated by the mere power of organized wealth.

"We are grateful indeed to those Democrats who have already responded with generosity and promptness. We are grateful also to the army of organized Democratic campaign workers in the field who labored with efficiency and tireless energy during the campaign.

"There are thousands of Democrats, however, from whom we have not yet heard. To them as to all other patriotic Democrats we appeal for further financial support in the present emergency."

An example of the independent voters' interest in the election is furnished by an anonymous letter mailed in New York City, addressed to Chairman Vance McCormick to his Harrisburg address. It enclosed a small envelope containing a contribution. The only clue to the identity of the sender was the following inscription on the enclosed envelope: "To help out that deficit—from an independent voter."

From Asbury Park, N. J., came a letter with this message: "Enclosed find check from a Republican."

Treasurer Marsh further quoted from numerous letters and telegrams to illustrate the gratifying and encouraging response from various towns throughout the country. Brief extracts from a few are as follows:

Houghton, Mich.: "Will be glad to give our hearty co-operation and hope to do better than you expect."

Shreveport, La.: "Gladly assume duty. We will mail you our assessment before date fixed."

Frostburg, Md.: "Will see that Frostburg sends her contribution."

Independence, Ia.: "Have already mailed check for $100. Congratulate committee upon wonderful showing."

Roswell, N. M.: "Pledge $100 for campaign deficiency."

Lewiston, Mont.: "Will send $100 asked for."

Columbus, Miss.: "Sent you today $100."

Fort Smith, Ark., sent this telegram: "With hearts overflowing with gratitude and gladness, because of the brilliant victory won by President Wilson in his gallant fight for the masses as against the classes, we are forwarding check as additional contribution from loyal Democrats from Fort Smith."

Marion, Ky., promptly wired as follows: "We are proud of opportunity to contribute our $100 share of the National deficit. We take this method of acknowledging our deep sense of gratitude for your noble work in the victorious campaign."

One of the earliest dispatches received at Democratic National Headquarters came from Wichita Falls, Texas, as follows: "Wichita Falls would be proud to be the first city to respond to the appeal for 2,000 remittances of $100 each. Our hundred is on the way."

A $25 contribution from a small village in the state of Washington was accompanied by this message: "Hurrah for Wilson! We are proud to know our state stood for him."

A contributor from Prescott, Ark., wrote: "I would feel equally free to send you my contribution in defeat as in victory. The cause is a noble one. I feel under obligations to Woodrow Wilson and the Democratic party."

The committee from Jacksonville, Fla., telegraphed: "Certainly after the splendid work you have done, all the Democrats of the Nation should rally to your support."

The citizens of Grenada, Miss., wrote: "We have been greatly benefited by the re-election of President Wilson and are indebted to the committee for its great service." From Luling, Texas, came this message: "I wish with all my heart I could mail you check for $1,000 instead of $100."

A contributor from Allegan, Mich., wrote: "With earnest hope that you may be able to wipe out that deficit and start with a clear horizon on March 4th, 1917."

From New Albany, Miss., the following message was received: "Your committee has done excellent service for the whole country and mankind the world-wide, in securing the re-election of that greatest of Americans—Woodrow Wilson."

A particularly gratifying circumstance was the earnest offers of aid before the committee made any public appeal for funds. A striking instance of this is furnished by the following telegram: "The first time in the history Miami county, Kansas, went squarely for a Democratic President. Suppose National Committee is in debt. If so, Miami county, Kansas, will send some more money."

Also from a grateful citizen of Goshen, N. Y., came this generous offer: "I note by the papers that the National Committee is in debt. I want to do my share. Kindly advise me what would be a proper amount."

An earnest admirer of President Wilson of Ioma, Mich., sent this inquiry: "How did the National Committee come out financially? If there is a deficit let me know."

Treasurer Marsh stated that the deficit is still upwards of $500,000. He added that while the responses already received at headquarters have been numerous, and gratifying, the amount required to meet the deficit is so large that future contributions must be generous, and Democrats everywhere are urged to respond.

Union Service Tomorrow.

A union Thanksgiving service will be conducted in the Presbyterian church at Winter Park tomorrow morning at 11 o'clock by Rev. Andrew J. Howell. This service will take the place of the mid-week prayer meeting tonight.

ATTENDANCE EXPECTED TO BREAK ALL RECORDS

State Teachers' Assembly Convenes This Afternoon.

Notable Speakers Scheduled to Address the Teachers—Thanksgiving Service at Noon Tomorrow—Wilmington Company Chartered.

(Special Star Correspondence).

Raleigh, N. C., Nov. 28.—Tomorrow afternoon at 5 o'clock there will be the first session of the 1916 North Carolina Teachers' Assembly in thirty-third annual convention, and the advance guard of the army of teachers who will attend is already arriving on every train. It is expected that the attendance this year will break all records.

The officers are Robert H. Wright, of Greenville, president; A. T. Allen, Salisbury, vice president, and E. E. Sams, of Raleigh, secretary-treasurer. The afternoon meeting will be purely business and will be followed at night by a general mass meeting in the city auditorium when there will be the welcome ceremonies and an address by Dr. W. C. Bagley, of the University of Illinois. Thereafter there will be a reception at the governor's mansion under the auspices, jointly, of the Woman's Club and the chamber of commerce.

At noon Thursday there will be the Thanksgiving service with a brilliant musical feature and a sermon by Rev. A. A. McGeachy, D. D., of Charlotte. The president's address will be delivered Thursday night; also addresses by Dr. T. H. Briggs, a Raleigh boy, now of the faculty of Columbus University, and one by Dr. P. Y. Dykema, of the University of Wisconsin. The award of the Shirley cup for the best North Carolina musical composition of the year will be made Thursday evening.

Officers will be elected Friday and the general business of the assembly rounded out. There are programmes for all the numerous departments of the assembly, morning, afternoon and night except for the periods when the general sessions will be in progress.

A charter was issued for the Sampson Lime Manufacturing Co., of Wilmington, capital $50,000 authorized and $3,000 subscribed by E. McN. Carr, L. C. Herring and others for developing lime resources in builders and agricultural lime.

The State Department of Education announces that there is found to have been fully fifty per cent. reduction in adult illiteracy since the 1910 census in Pasquotank and Caldwell counties, representing the eastern and the western sections of the State. Special surveys have just been completed in these two counties.

Would Delay Inauguration.

Attorney General and Governor-elect Thomas W. Bickett announced today that he will ask the Legislature to postpone his inauguration as governor until January 11. The inauguration customarily takes places on the second Wednesday in January. Mr. Bickett will appear before the United States Supreme court in Washington on January 8, when attorneys representing the Republic of Cuba will seek to obtain permission for Cuba to enter suit against the State of North Carolina for a sum in excess of two million dollars, alleged to be due on railroad bonds issued by this State and held by that government. These bonds were repudiated shortly after the close of the Civil War.

Because of the necessity of his having to appear in Washington until a few days before the original day set for the inauguration and the possibility that he will not return here until immediately before that time, Mr. Bickett will ask for the postponement of one day.

STANDARD OIL EMPLOYES TO GET INCREASE IN WAGES

Will Make Combined Increase of About 60 Per Cent Since August, 1915.

New York, Nov. 28.—A wage increase to meet the high cost of living, by which 10,000 of its employes will be benefitted beginning December 1, was announced here tonight by the Standard Oil Company, of New Jersey. The announcement pointed out that the combined increase in wages since August, 1915, and the adoption of the 8-hour day, represent a total increase of labor cost to the company of 60 per cent.

RUN DOWN BY AUTOMOBILE.

Jasper Warrick, of Goldsboro, Seriously Injured Last Night.

(Special Star Telegram.)

Goldsboro, N. C., Nov. 28.—Jasper Warrick, a well known white man of this city, brother of Joe Warrick, city tax collector, was run down by an automobile driven by Floyd Barden, a prominent young farmer of Wayne county, tonight and received serious injuries. Physicians attending him, however, are hopeful of his recovery.

THE MEMBERS OF ST. JOHN'S HAVE THANKSGIVING SPREAD

Banquet Served Last Night in Connection With Degree Work.

The long banquet hall in the Masonic temple last evening was the scene of an enjoyable Thanksgiving spread. More than 150 members of St. John's Lodge and their friends gathered around the festive board following the conclusion of their labors in conferring the Master's degree upon a class of candidates and it was indeed a most happy occasion.

Secretary A. S. Holden was general master of ceremonies at the feast and had the able assistance of a large delegation of young men, who vied with each other in performing their duties in an acceptable and becoming manner. Among other duties performed by Secretary Holden prior to the meeting of the lodge was the preparation of a menu for the occasion in which he appropriately mixed up the names of the officers of the lodge together with some Masonic phraseology. The menu follows:

"From Labor to Refreshment"
"Pridgen" Cocktail
"Newcomb" Celery
"Where the Tide Ebbs and Flows"
"Huggins" Sweet Pickles
"Jewell" English Peas
"And even the luxuries of life."
"Rose" Roast Turkey
"Holley" Mashed Potatoes
"And now awaits your pleasure."
"Pinckney" Waldorf Salad
"Fonveille" Pudding
"Worthy and well qualified"
"Payne" Hot Rolls "Allen" Crackers
"Coming well recommended"
"Munds" Coffee "Smoke" Cigars
"Have been truly prepared"

EIGHT IN JAIL AT LUMBERTON ON CHARGE OF TRAIN ROBBERY

Pembroke Seems to Have Been Headquarters of Organized Band.

(Special Star Telegram.)

Lumberton, N. C., Nov. 28.—Eight alleged train robbers are in jail here in connection with the robbery of a Seaboard freight at Pembroke Saturday night. An organized band seems to have been making the Pembroke section their headquarters, robbing Seaboard and Coast Line cars. At least $500 worth of stolen goods have been recovered from different homes in that section. The arrests were made by Rural Policeman Walter Smith and railroad detectives. The prisoners are negroes and Indians.

Pembroke, N. C., Nov. 28.—Six negroes charged with the wholesale robbing of freight cars of the Seaboard Air Line and Atlantic Coast Line railroads were arrested here last night by Police Chief W. D. Dixon, assisted by other officers. Goods valued at $500, alleged to have been taken from the cars, were found in the homes of the negroes.

Several cars on the two railroads were found entered last week. Besides Chief Dixon, Rural Patrolman W. W. Smith, Patrolman Herbert Lowry, Special Agents S. Robinson and A. B. McDonald, of the S. A. L., and Special Agent Tomlinson, of the A. C. L., assisted in tracking the stolen goods.

TEACHERS MEET TODAY.

Wilmington Will be Well Represented at State Convention.

Wilmington and New Hanover county are expected to have quite a representation at the North Carolina Teachers' Assembly which convenes in Raleigh this morning, and will continue in session until December 1. A number of the local teachers are on the programme for addresses, and several of them hold important committee assignments.

Mrs. Hattie E. Fennell, of Wilmington is slated to address the grammar grade teachers and principals on the subject "A Higher Grade of Grammar Grade Teachers"; Mrs. R. E. Ranson, of Southport, who is president of the State League of Story Tellers, will also make an address. Her husband, Superintendent Ranson, of the Brunswick county schools is also on the programme.

NORTH CAROLINA PROGRESS.

Twice as Many Children in School Now as Fifteen Years Ago.

(New York Evening Post.)

One seldom sees a better record more concisely presented than that of North Carolina as summarized by Governor Craig as proof that "the moral and intellectual growth" of the State "has kept pace with her material growth." Here is his bill of particulars: "There are now in attendance upon our public schools more than twice as many children as in the year 1900, and they are going to school nearly twice as many days in the year. The houses in which they are taught cost nearly nine times as much, and their teachers are paid two and a half times as much. Then the average value of a school house was $158; now it is $1,162.74. Then there were 1,190 log school houses; now there are but 65. Soon these will give place to handsome structures similar to those that are the ornament and pride of nearly every school district in the State." It is to be noted that this progress did not come of itself, but followed a rousing educational campaign which stirred the whole State. The test of North Carolina's interest in better educational opportunities is the money her citizens vote for them. There is no questioning the awakening of a man who, having had the most meager education and yet having made a fair success of life, votes a specific addition to his local tax in order to have a graded school in his neighborhood.

SHARP BREAK IN COTTON

General List Shows Net Loss of 21 to 50 Points While Spot Market is Quoted at 20.35.

New York, Nov. 28.—The cotton market was very nervous again today and there was a further sharp break in prices with January selling off to 20.30, or about $4.50 a bale below the high record established at the opening yesterday. That delivery closed at 20.11 and the general list closed easy at a net loss of 21 to 50 points.

The opening was relatively steady 7 points lower to 3 points higher, but the market soon turned easier under heavy liquidation. The selling became more aggressive following rumors that a prominent local authority estimated the yield at 11,333,000 bales, excluding linters, and was also encouraged by an estimate from a North Carolina source placing the yield at 12,343,000 bales, including 1,150,000 bales of linters. For a time the demand held prices around 20.50 for January, or about 30 points under last night's close, but the market broke very sharply in the late trading. March declined to 20.52 and May to 20.72, with the more active positions selling about 42 to 50 points under last night's closing figures. There was considerable covering around this level, but the market closed at practically the lowest point of the day. Rumors of unfavorable ocean shipping conditions and of unsettled international politics, probably added to the nervousness and about the only support seemed to be covering a little fresh buying on a scale down.

NEW ORLEANS COTTON

Market Weakens Under Persistent Selling—Loss of 30 to 42 Points.

New Orleans, Nov. 28.—Persistent selling caused pronounced weakness in the cotton market here today and lowest levels were reached in the afternoon following the report of the sinking of an American ship. The active old crop months at these levels were 41 to 42 points, or more than $2 a bale under yesterday's last quotation. The market closed steady but the decline was maintained to the last, final prices showing a net loss for the season of 40 to 42 points.

The market opened at the decline and lost 1 to 8 points, on the first call. The first small break was met by fresh buying and the rally carried trading months 2 to 7 points over yesterday's final prices. On this hard spot, heavy offerings appeared and there were none too well received. The market gradually developed marked weakness, the climax to the selling movement being reached on the report of a disaster to American shipping. Closing bids: December 19.73; January 19.85; March 20.15; May 20.35; July 20.45; October 18.34.

Spot cotton steady and unchanged. Sales on the spot 1,490; to arrive 241; middling 20.35.

FOREIGN LOANS ARE HEAVY

Reserve Board's Attitude as to Acceptance of War Emergency Securities Causes Depression.

New York, Nov. 28.—The attitude of the Federal Reserve Board respecting the further free acceptance by National banks of foreign securities based upon war emergencies was the all-pervading subject of discussion in financial circles and speculative sentiment was distinctly depressed.

Virtually all issues of international loans floated in this country since the outbreak of the war were heavy, Paris 5's declining 1 1-2 points to the low record of 96 3-8. Exchange rates to Germany and Austria underwent further attrition with a material easing of rubles. Higher rates were quoted for time loans and call money rose to 6 per cent. There was no material diminuation of operation but the great bulk of the day's trading took place in the first and final hours with intermediate periods of apathy. Lowest prices were made toward the close.

Extreme recessions of 1 to 3 points were registered by equipments, coppers and other metals, sugars, petroleums, motors and industrials comprising the steel and iron class. United States Steel was relatively steady but Bethlehem fell 25 points on a single transaction. Rails were the backbone of the market only nominal recessions occurring in that division these being offset by the comparative strength of Reading and other coalers.

Railways and industrial bonds were irregular. Total sales, par value, $4,650,000. United States bonds unchanged on call, but coupon 4's fell 3-8 per cent. on sales.

WHEAT MARKET EXCITED

Threatening Railroad Embargoes and Marine Perils Cause Semi-Panic—Big Drop in Prices.

Chicago, Nov. 28. — Railroad embargoes and marine perils that threatened to bring shipments of grain to a standstill led today to a semi-panic in the wheat market. Exciting breaks in values, as much at one time as 13¾c a bushel, were followed by partial rallies. The close, nevertheless, was wild, at 1.66 to 1.67⅞; December, and 1.74¼ to 1.75, May, with the market as a whole 5 to 7¾c. under yesterday's finish. Other leading staples, too, all showed a setback; corn, 3 to 2⅝@2¼c.; oats, 2½ to 3, and provisions, 10 to 30. Close:

Wheat—December, 1.66; May, 1.74¼.

Corn—December, 87⅝; May, 90⅞.

Oats—December, 53¼; May, 56⅝.

New York, Nov. 28. — The cotton seed oil market was quiet and easier today, following weakness in lard and cotton. Refiners bought and crude was steady, but outside support lacked aggressiveness. The close was heavy, and 8 to 12 pointts net lower. Sales, 29,400 barrels. Close, steady. Spot, 12.75 bid; December, 12.77@12.83; January, 12.77@12.80; February, 12.74@13.78; March, 12.77@12.79; April, 12.80@12.85; May, 12.85@12.86; June, 12.90@12.93; July, 12.94@12.96.

NEW YORK LIVE STOCK.

New York, Nov. 28. — Beeves, no trading. Calves, irregular; common to prime veals, 8.00@11.00; culls, 7.00@8.50.

Sheep—Steady. Lambs, higher. Common to rair sheep, ewes, 5.00@6.50; culls, 3.50; lambs, 11.40@12.25; culls, 8.00@9.00.

Hogs—Firm. Light to medium hogs, 9.50@10.00; rough, 8.75.

DRY GOODS MARKET.

New York, Nov. 28. — Cotton goods were quieter and yarns were higher today. Silks were in better demand. Wool goods tended higher.

COURT BECAME A 'SCHOOL IN LATIN'

Ancient Language Phrases Used by Watson in Magazine Article Under Discussion.

GOVERNMENT RESTS CASE

Defendant Insisted During Day's Proceedings That Catholic Church Was Connected With the Case, But Was Overruled.

Augusta, Ga., Nov. 28.—The government rested its case late today in the trial of Thomas E. Watson, of Thomson, Ga., after the session had developed into what Presiding Judge Lambdin termed a "school of Latin." Watson is being tried in the Federal District court on charges of having sent abscene matter through the mails, portions of which were in the ancient tongue.

The latter part of the morning and all the afternoon was devoted to its translation by college professors and students and cross examination of them by counsel for the defense.

As soon as the government finished its case, Watson sought to put in evidence his "literary character" and on objection of the prosecution it was decided to await until tomorrow to argue the point. When Watson was tried here last summer on the same charge, introduction of this was allowed.

Earlier in the day passages by Watson, who is acting as his own leading counsel, and District Attorney Donaldson had been followed by an admonition from Judge Lambdin that counsel must not make personal remarks to each other. District Attorney Donaldson had got the jury out of the room to give him an opportunity to announce that if Watson continued to charge before the jury that "the Roman Catholic church" was connected with the case, despite "repeated rulings of the court," that he would ask for a mistrial.

Watson, in reply, asserted that "this is a most infamous prosecution" and reiterated his charges. Judge Lambdin held that there was nothing to show that such was the case, and before the jury had been recalled he warned Watson that if he could "not control himself" he could no longer act as his own counsel.

During the discussion which preceded the judge's admonition, Watson suddenly turned to man in the court room and said "this man Moye has twice attempted my life."

S. M. Moye, United States deputy collector of internal revenue, half rose to his feet and murmured a reply which later was said to be "I did not."

Moye's only official connection with the case has been to aid court officials at times in handling the crowds.

The prosecution during the afternoon took up the Latin cited in the indictment. Samuel L. Olive, of Watson's counsel, had contended that the Latin should go to the jury in its original form, but was overruled.

On cross examination the defense sought to show that the "common run of them," could not read Latin.

J. P. MORGAN NOT TO HEED RESERVE BOARD'S WARNING

Will Offer Series of Notes for Great Britain and France.

New York, Nov. 28.—The proposed offering of a series of short term treasury notes by J. P. Morgan & Company for the British and French governments, it was authoritatively stated today, would be made, regardless of the warning issued by the Federal Reserve Board. The notes, ranging from 30 days to six months, will be issued in limited amounts in response, it was said, to a widespread demand from banks and investors and will not be renewable.

Bankers representing the Entente Allies declined to say to what extent, if at all, future international undertakings may be affected by the action of the Reserve Board.

THEY HAVE SOME HOPE

But Boys on Border More Likely Not to be Home Christmas.

(Special Star Correspondence).

New Bern, N. C., Nov. 28.—Letters received here from members of the North Carolina National Guard, now down at El Paso, state that the "boys" yet have hope of getting back to North Carolina by Christmas Day but there is mighty little chance of this being realized and many believe that they will remain there until the early spring.

There are a number of New Bern boys with the National Guard and these boys have written back home declaring that they are enjoying their stay immensely but for the fact that they were not properly clothed for that climate and that their camps were more for summer use than for cold weather.

IN MEMORY OF FRANZ-JOSEF

President Among Those Who Will Attend High Mass at St. Patrick's.

Washington, Nov. 28.—President Wilson will attend pontificial high mass to be celebrated tomorrow at St. Patrick's church here by Cardinal Gibbons in memory of the late Emperor Francis-Joseph, of Austria-Hungary. Secretary Lansing and members of the diplomatic corps not connected with the Entente Allies also will attend.

35 TO 40 PER CENT. RAISE

Will be Given to 32,000 Employes of Garment Factories.

New York, Nov. 28.—An increase of pay from 35 to 40 per cent. to meet the increased cost of living will be given the 32,000 employes of members of the American Clothing Manufacturers Association beginning December 18, it was announced here tonight. The advance will represent an increase in wages of $8,000,000 a year.

TO ENJOIN THE STATE BOARD OF CANVASSERS

Tom Settle to File Suit for Britt in Wake Court Today?

Would Have State Board and Secretary of State Restrained From Certifying Election of Weaver. Judge Adams Declines.

Asheville, N. C., Nov. 28.—Judge W. J. Adams, who yesterday dismissed the writ of alternative mandamus against the Buncombe county board of canvassers, today stated that he would prefer to have some other judge sign a restraining order against the State Board of Canvassers and the Secretary of State, an order asked by attorneys representing Congressman James J. Britt.

Judge Adams stated that as he had held that he had no jurisdiction in the previous case, he would prefer not to sign the order.

Attorneys for Mr. Britt then took steps to file suit for a restraining order enjoining State Board of Canvassers and the Secretary of State from delivering a certificate of election to Congressman-elect Zebulon Weaver, the suit being filed in Superior court of Wake county at Raleigh.

This case will probably be heard tomorrow, Thomas Settle, of counsel for Mr. Britt, leaving here tonight to conduct Mr. Britt's case at Raleigh.

In addition to refusing to sign an order for an injunction as asked by Mr. Britt's attorneys, Judge Adams also refused to make a finding of additional facts, as requested by Mr. Britt.

Raleigh, N. C., Nov. 28.—Congressman J. J. Britt, of the Tenth North Carolina district, this afternoon filed suit in Wake Superior court here against the State Board of Canvassers and the Secretary of State to enjoin the mfrom certifying the election of Zebulon Weaver as congressman in the recent election in the Tenth district.

BRITISH CRUISER REPORTED SUNK BY STRIKING A MINE

Twenty-Seven Men Killed and Forty-Seven Wounded Says Berlin Dispatch.

Berlin, Nov. 28, (via Sayville).—The British cruiser New Castle is reported to have been sunk at the entrance of the Firth of Forth, Scotland, November 15, by coming in contact with a mine, according to the Overseas News Agency.

"It is reported from Rotterdam," says the News Agency, "that the British cruiser New Castle, on November 15, in the North Sea struck a mine and sank at the entrance to the Firth of Forth while trying to reach a home port. The New Castle at the time of the disaster was accompanied by two other cruisers. Of the crew of the New Castle 27 men were killed and 47 wounded.

"The total losses to the British navy with this loss, as far as can be ascertained, have reaches 121 ship of 567,950 tons, not counting auxiliary ships and auxiliary cruisers.

"The English patrol ship sunk during the raid of German sea forces the night of November 27 was the steam trawler Narval, which was engaged in the mine sweeping service. Her crew belonged to the royal naval service."

BUY HULLS FOR BOATS.

Step Taken Toward Putting Steamers on New Bern-to-North Line.

(Special Star Correspondence.)

New Bern, N. C., Nov. 28.—One of the officers of the Virginia-Carolina Navigation Company, whose home office is at Baltimore, has informed the local manager that the company has purchased hulls for two steamers which that company plans to put on the line between New Bern and the North and that the work of constructing the superstructure for these is to begin at an early date.

New Bernians are anxious to see this line in operation. For months there has been newspaper talk galore in regard to the line but not a single material move so far as the public can see.

The men who are said to be behind the line have given assurances that it will be in operation by April 1st and the public awaits that time with considerable interest.

JOHN D., JR., TO RESIGN

Dr. G. E. Vincent to Succeed Him as Head of Rockefeller Foundation.

New York, Nov. 28.—John D. Rockefeller, Jr., will resign as president of the Rockefeller Foundation on May 15, 1917, to become chairman of the board of trustees, it was announced here tonight. He will be succeeded by Dr. George E. Vincent, who will resign from is present post of president of the University of Minnesota.

WERE FORCED TO HIDE FOR A YEAR IN CAVES

Thousands of Armenians Without Bedding or Clothing.

American Consulate at Tiflis Asks for Appropriation of $100,000 for New Refugees Arriving From Turkey.

New York, Nov. 28.—Harrowing experiences which Armenian refugees from Turkey are passing through in their flight to the Russian Caucasus, are described in a cable message received from the American consulate at Tiflis, made public here tonight by the American committee for Armenian and Syrian relief. The message, signed by three missionaries, said:

"After a year of hiding in caves, hunted like wild animals, thousands of new refugees are coming from Turkey. They are being fed by the Russian government, but are destitute of bedding and clothing. There is great suffering from the severe climate. After personal investigation by our committee, we urge an appropriation of $100,000 for bedding for 15,000 new refugees.

"Thousands of women with children to support are in distress and hopeless. Our committee is now employing 1,000 women in Erivan in industrial works.

"As many more have been turned away in despair. We are opening a new center in Alexandropol and strongly urge an appropriation of $200,000 to employ 7,000 women for six months at $1 per week. Moral as well as physical results already are very apparent."

Havre, No. 28.—On the initiative of the Belgian government and with the approval of the French government an inter-allied conference to determine the best means for training disabled soldiers for civil life is to meet in Paris March 5.

sentation if Carranza displayed a willingness to enter into a satisfactory agreement.

Information has reached the government from some sources indicating that General Obregon, Mexican minister of war, had not suppised the Chihuahua arsenal as liberally as he could have, but in official Mexican quarters there was a denial of this today and a reiteration of the assertion that the shortage extended to the general stores.

Administration officials do not minimize the importance of Villa's renewed strength, but few believe it will assume such proportions as to alter the plan of the United States government to continue its efforts to bind Carranza to an agreement looking to the protection of foreign interests. It is planned to have representatives of the joint commission meet here this week to formulate a tentative programme for the conferences that will begin December 8 if Carranza gives his ratification.

PLANS ARE ADOPTED FOR EXTENDING "EMBARGO LEAGUE"

St. Paul, Minn., Nov. 28.—Plans were made today for extending to St. Paul the "Embargo League" formed in Minneapolis to combat the cost of living. The next move will be in Duluth, it is said. Members of the Housewives' League, an organization of women, were told today by Alfred Jacques, United States District Attorney here, that the Department of Justice had directed him to investigate anything that appeared to be a concerted action to raise the price of foodstuffs.

SOLKY ON EVENING CLOTHES
¶The greatest test of ready-for-service clothes is an evening garment, for it offers little or no latitude for novelty, affords no diversion in color, and is wholly a matter of fine tailoring.
¶Fine tailoring is the dominant characteristic of the new Solky evening clothes, both Dress and Tuxedo.
¶No made-to-order garments can surpass them in perfection of making or in beauty of line.
¶In fact, they are essentially made-to-order garments, for they are made in every variation of size that the human figure demands.
¶The only difference is that a made-to-order evening garment may be all right in two weeks' time, whereas OURS is all right NOW!
